WHEREAS, By reason of the resignation of the late Michael P. Duffy as Commissioner of the City of New-

ark, a vacancy has existed since about June, 1939; and,

WHEREAS, in spite of the provision in the Commission Government Act that the vacancy shall be filled in thirty (30) days time, the Board of Commissioners has failed to elect any person to fill the vacancy during that period of time, and has since failed to elect any person thereto; and,

WHEREAS, We being fully cognizant of the duty and responsibility imposed upon the Board of Commissioners in the matter of electing a proper person to fill the vacancy; and,

WHEREAS, it is our desire that the vacancy shall be filled by some proper person, and we being desirous of electing some proper person, it is our opinion that, with the reservation of our right to exercise the duty of electing some proper person, we do deem it expedient at this time, in order to bring about the election of some proper person, that we do refer the matter of selection to some representative group of citizens who shall choose and refer to the Board of Commissioners the name of one person who is properly qualified for the office of City Commissioners, and that the person so chosen may be elected by the Board of Commissioners to the office of Commissioner of the City of Newark to fill the vacancy;

THEREFORE, BE IT RESOLVED By the Board of Commissioners of the City of Newark, that the following names of persons, representative citizens of the City of Newark, to wit:

Franklin Conklin, Jr., Chairman,
Reverend Arthur Dumper,
Monsignor John G. Delaney,
Rabbi Solomon Foster,
Leo Carlin,
Themistocles Mancusi-Ungaro,

be and the same are hereby selected by the Board of Commissioners of the

City of Newark to constitute a committee for the purposes aforesaid, and to carry out the intention of this resolution to select and refer to the Board of Commissioners the name of one proper person for the office of City Commissioner. It is requested that the recommendation be made to this Board two weeks from the date of this meeting.

Jos. M. Byrne, Jr.

Mayor Ellenstein: I understand none of the Commissioners received a copy of this resolution.

Commissioner Byrne: That is right.

Mayor Ellenstein: None of the Commissioners have knowledge of it.

There is a legal question involved, it appears to me, whether or not any Commissioner can go against his authority. That amounts to a delegation of authority. I think the resolution ought to be referred to the Law Department to first determine the legality of it, because under the statute it rests with the City Commission to select the person to fill the vacancy. That question arises to me, and I think there should be no objection to referring the resolution to the Law Department.

I will entertain a motion that the resolution presented by Director Byrne be referred to the Law Department to determine the legality of it.

Commissioner Franklin: Even though this resolution might be determined to be legal in its form and that this plan could be pursued, I believe, as you have stated, that there may be some question as to the delegation of authority. I am of the firm opinion that we have been elected, those of us who remain have been elected as the representatives of the City, and I do not think our opinion or judgement should be superseded by any group of citizens to whom we can

delegate the selection of a fifth Commissioner.

FURTHER than that, I will stand by my original thought that the fifth member of this Commission should be a person of Italian extraction. The sixth man last time was an Italian-American—it happened to be former Director Minisi—and I still stand by my original intention to select for a member of this Board an Italian-American representative.

Mayor Ellenstein: However, I think the first thing to determine, while I am in accord with your views, the first thing to determine is whether or not the resolution is of legal import.

Commissioner Franklin: Except that you might give color to the proposition that it should be handled in that manner.

Mayor Ellenstein: I think any resolution presented by any Commissioner should be given the dignity of having it read and at least a vote by the Commission. And while I am in accord with your views, there isn't any probability of the resolution being successful anyway, because even if Director Murphy is in favor of those men being chosen to select the man to fill the vacancy, even if he were, the Commission would be deadlocked. However, I think the proper procedure would be to refer it to the Law Department for a legal opinion as to whether the Commission has the legal ability to have any person select a successor.

Commissioner Murphy: I don't mind saying, as far as I am concerned, I won't delegate my power to anybody, nor would I suggest anybody trying to act in the capacity of making a recommendation binding me in any manner, shape or form. I don't intend to delegate my power to any outside group to make any recommendations that I am supposed to follow.

Mayor Ellenstein: That, of course, expresses the sentiments of three of the members of the Commission. Still, unless Director Byrne wishes to withdraw the resolution, I think in all justice to Director Byrne or any other Director, at least the resolution ought to be presented to the Commission, and before it is presented to the Commission I think we are all duty bound to extend the courtesy to Director Byrne to refer the matter to the Law Department.

Commissioner Byrne: No objection.

Mayor Ellenstein: No objection to referring it to the Law Department. And you do not feel disposed to withdraw it?

Commissioner Byrne: No.

Mayor Ellenstein: I will entertain a motion to refer the resolution to the Law Department for determination as to legal ability.

Commissioner Murphy: I will make that motion at the request of Director Byrne.

Commissioner Byrne: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Commissioner Franklin: In voting, I just want to say, regardless of the opinion of the Law Department, it doesn't influence me in the least.

Mayor Ellenstein: That is an after consideration. The matter will be referred to the Law Department for an opinion at next Wednesday's meeting, for an opinion on the validity of the resolution.

Commissioner Franklin offered the following resolution:

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Mrs. Minnie Dougherty, owner; for the renewal of permit for two portable gasoline tanks; premises 193 West Market Street; such use to be limited to the period of one year ending May 24, 1941;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that said recommendations of the Board of Adjustment be and the same are hereby approved.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

The City Clerk: This is a renewal, and would have come up ordinarily—

Mayor Ellenstein: There was an objector before the Zoning Board. Will you read that again?

(The City Clerk read the resolution a second time.)

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

Commissioner Byrne: I move we concur in the recommendation of the Board of Adjustment.

Commissioner Franklin offered the following resolutions:

RESOLVED, That the title of Tailor be and the same is hereby created in the Newark City Hospital, Department of Public Works, with the approval of the State Civil Service Commission, at an annual salary of \$1,980 effective June 1, 1940. The urgent need for a tailor in this institu-

tion is in connection with the uniforms of the doctors in the operating rooms, smocks for attendants in kitchen and dining rooms, bed jackets for patients, all of which heretofore were purchased ready-made. It is also advisable in connection with the vast amount of repairing of bed materials which is now inadequately undertaken by the W. P. A. Sewing Rooms. The intention is to transfer Albert M. Klemp, now under title of Industrial Tailor receiving a salary of \$1,980 at the Newark City Home to this position in the Newark City Hospital under the title of Tailor at the same salary, pursuant to certification by the State Civil Service Commission.

Mayor Ellenstein: The other references by the Zoning Board to the City Commission will take the usual

course and be heard one week from today.

The City Clerk: I have a communication under date of May 17, 1940, with a report, and I understand a copy of this has gone—this letter says, "I have forwarded individual reports to Commissioners Byrne, Franklin and Murphy."

Mayor Ellenstein: Since each one of the commissioners received a copy of this report, if there is no objection, it will simply be made a matter of record before the City Commission.

Commissioner Murphy: Of course, I have already mailed my answers to you. I don't know whether you had any chance to look at it or whether it was sent up this morning. Of course, I do not agree with the procedure that is being followed, as one member of the commission. Of course, everybody is entitled to his opinion.

Mayor Ellenstein: Of course, everybody is entitled to his opinion. However, the report has been made and presented to the City Commission formally, and the question now is as to whether or not the City Commission desires to have the report read or waive the reading of the report. Since each Commissioner has received a copy of the report, I thought by sending a copy of it to each Commissioner it would expedite the matter and avoid the necessity of reading the long communication.

I take it, there being no objection, the City Clerk will make a copy of the report submitted to each one of the Commissioners a part of the record.

Commissioner Byrne: I would like to say I signed that resolution so as not to hold up the payroll, but I would like to be assured by the Corporation Counsel, Mr. O'Brien, that I am right in doing that. I have signed the Mayor's payroll I don't know who is the certifying officer.

Mr. O'Brien: Did the Mayor certify it?

Commissioner Byrne: But I want to be sure I am legally right.

Mr. O'Brien: You are legally right as long as the certification is on it.

The following report was ordered made a part of the record:

"May 17, 1940.

"The the Board of Commissioners of the City of Newark, N. J.

"Gentlemen:

"In compliance with Section No. 5 of the Walsh Act (R. S. 40: 72-11. Mayor: Duties. The Mayor shall be president of the Board and shall preside at its meetings, supervise all departments and report to the Board for its action all matters requiring the attention of the Board or any department.) I am herewith submitting a report of policies invoked since supervising the Department of Public Safety.

"On April 16, 1940 I called a conference at my office of division heads of the Police Department. The following officials attended this conference:

Acting Director John B. Keenan,

Police Commissioner George E. Kean,

Chief of Police John F. Harris,

Deputy Chief Philip Sebold,

Deputy Chief John Haller,

Inspector John A. Brady,

Inspector Matthew J. F. Bolger,

Captain William F. Gannon,

Administrative Clerk Samuel B. Finkelstein, in the capacity as head of the Radio Transmitter.

"As a result of said meeting and with the approval of all present General Order No. 1 was issued, copy of which is attached hereto.

"On April 17, 1940, in General Order No. 2, it was estimated that sixty-nine (69) men could be released for night patrol duty, it being the unanimous opinion of the division heads of the Police Department that one of the necessary things to be accomplished was the placing of as many foot patrolmen on the streets as possible. By said order, special details at the Post Office, Federal Buildings, Newark Airport and State agencies were eliminated and five (5) men released for night foot patrol duty. The Emergency Division, which consisted of two complete units was decreased to one unit, thus releasing twenty-four (24) additional men for night foot patrol duty. Police officers who are performing mechanical, electrical and clerical work will be released from duty at such time when it is possible to replace them with civilians. This will replace Patrolmen and release them for police duty and will add to the efficiency of the Police Department as well as prove a decided economic measure.

"General Order No. 3 was issued as a result of a conference held on April 17th and called for the compilation of statistics and for a survey of various units in the Police Division.

"On April 16, 1940 I wrote a letter to Acting Director John B. Keenan bringing to his attention the lack of meetings held by the Board of Public Safety and suggesting that the Board meet as soon as possible to dispose of approximately fifty (50) complaints which had accumulated.

"General Order No. 4 issued on

April 17, reduces the Arson Squad by half, as I was informed that the three (3) Firemen attached to this Squad are unnecessary to properly carry out its functions. Therefore, because of the claims made that the Fire Department is undermanned, said three Firemen were returned to active fire duty in the Fire Department.

"General Order No. 5, issued on April 22, called the attention of Acting Director Keenan to the fact that since July 1, 1926 no Police Department Manual had been published and that many police officers in service had never received a copy of the departmental rules and regulations. The order directs that a revision by properly qualified persons in the Department, be made and a new manual printed and distributed to every member in the Department.

"In order that better morale and discipline be maintained General Order No. 6 was issued which restored to the Chief of Police the power to suspend any member of the Police Department for violation of departmental rules.

"On May 7th another meeting was held with Police Department division heads in my office and in compliance with a recommendation made by Chief Harris, discussed and approved by all present, General Order No. 7 was issued. This order empowers the Chief of Police to transfer any member of the Department from one division or command to another at the request of a commanding officer, and further reassigns several units in the Police Department.

"General Order No. 8 was also issued as a result of the conference held on May 7th and provides for the retiring of three (3) Radio Cars. The districts formerly served by said cars have been taken up by other cars in adjoining areas. The retirement of

these three cars released twenty-one (21) additional men for night patrol duty.

"General Order No. 9, issued on May 7th, 1940, calls for report to be made on the service performed by the Financial District Squad of the Detective Bureau.

"General Order No. 10 issued on May 10th, instructs Police Commissioner Kaas to notify all superiors and ranking officers in the Police Department to disregard any orders issued by Acting Director Keenan and that only such orders as may be issued by me shall be effective, in accordance with a legal opinion given by Corporation Counsel O'Brien. This order was issued by me after a conference with all division and precinct heads of the Police Department.

"On May 11th, 1940, a communication was sent by me to Inspector John A. Brady, of the Police Department, notifying him that pending the recovery of Deputy Chief Frank E. Brex, Acting Deputy Director of the Department of Public Safety, and until further notice, that he is assigned as Assistant Supervisor in the Department of Public Safety, at the same time giving him a temporary leave of absence from his present duties of supervising the precincts in the Police Department. This communication was sent in compliance with Section 5 of the Walsh Act, and in concurrence with a legal opinion of Corporation Counsel O'Brien.

In compliance with this communication to Inspector Brady, General Orders No. 12 and 13 were issued to the Department notifying it that John A. Brady was designated as Assistant Supervisor in the Department of Public Safety.

"It is my belief that for the present, at least, and until further developments that Inspector Brady with his

vast experience in all phases of police work will carry out contemplated changes which will place the Police Department upon the high plane it should be. The Inspector has been a member of the Newark Police Department since 1907, filling the ranks of Patrolman, Sergeant, Lieutenant, Captain and Inspector. During this period he has had wide and detailed experience in all phases of police activity and he is constantly on the alert for new methods of police administration and is well known throughout the United States for his outstanding police work. He is a member of the International Association of Police Chiefs, a graduate of Rutgers University Scientific Crime Detection Course, a lecturer on police methods at the same University, and has taken a deep interest in social as well as criminal problems.

"I am attaching hereto copy of letter of resignation received from Acting Director John B. Keenan and a copy of my letter of acceptance thereof, both dated May 13th, 1940.

"On May 8th I issued General Order No. 1 to the Fire Department informing Chief Engineer Peter Kiernan that as of April 16th I assumed supervisory charge of the Department of Public Safety in accordance with Section 5 of the Walsh Act, and in concurrence with legal opinion of Corporation Counsel O'Brien, I notified Chief Engineer Kiernan that 'It is my hope to place the Newark Fire Department on a high plane as regards its efficiency, discipline and economy. You are, therefore, requested to forward to me, at your earliest convenience, any recommendations you have to suggest which would tend to increase the efficiency and discipline of your Department, of course with the thought in mind of resulting costs to the citizens and taxpayers of the city.'

'As a result of this notice to the Chief Engineer I received recommend-

ations and thereupon called a conference for Tuesday, May 14th. This meeting was attended by

Chief Engineer Peter Kiernan.

Deputy Chief Charles G. Burnett,

Deputy Chief Patrick S. Smith,

Deputy Chief John J. Wilkinson,

Battalion Chief Henry Kappel,

Battalion Chief William J. Saurwein,

Battalion Chief Harry J. Sommers,

Battalion Chief Charles E. Manger,

Battalion Chief James A. Burns,

Battalion Chief John P. Weeks,

Battalion Chief David J. Kinnear,

Battalion Chief Patrick Meehan,

Battalion Chief John M. Ruscheck,

Battalion Chief Joseph Gabriel,

Battalion Chief Herman O. Richter,

Battalion Chief Charles F. Cullen,

"At this conference the following recommendations were received, concurred in by all of the above, and are now being carried out:

"1—In 1930, when the last fireman was appointed, there were 726 fireman in the Department. Today, there are 529 firemen, a loss to the Department of 199 firemen through retirements, deaths, etc. The National Board of Fire Underwriters recommends that the Department be manned by no less than 578 firemen, 49 more than we have at the present time. The Board of Engineers of the Newark Fire Department recommends 588 firemen. The reason for this

quota is to properly man the several two-piece companies in the Department. The Board of Engineers quota is ten (10) more than that of the National Board of Fire Underwriters.

"2—It was recommended that the various captains and ten firemen doing clerical work in Headquarters and the Bureau of Combustibles and those doing utility work in the repair shop, be replaced by clerks and utility men. This will increase the fire-fighting personnel of the Department and will cut the operating expense due to the fact that captains receive an annual salary of \$3,200 and firemen \$2,500. All this work can be done by clerks and utility men at salaries in accordance with Civil Service gradings. At the present time we are short three (3) captains in the fire-fighting personnel. These vacancies can be filled by the above mentioned captains who at present are on special detail.

"3—It was urgently recommended that additional and necessary firemen be appointed as soon as possible to maintain the maximum of efficiency in the Fire Department.

"4—The immediate revision of the Department's book of rules and regulations was ordered. The last revision was made in 1926.

"5—It has been recommended that the fire prevention code, last amended in 1916, be revised and amended under the supervision of the Chief Engineer.

"6—It was further recommended that when revisions of the Department's book of rules and regulations and the fire prevention code has been completed that a copy of each be given to every member of the Department.

"7—The abolishment of several fire companies has resulted in many al-

terations and corrections to the present running schedule book with the result that it is now confusing. It has been recommended, in the interest of efficiency, that a new running schedule book be compiled immediately under the supervision of the Chief Engineer.

"8—It has been recommended that conferences of the heads of the various divisions of the Department of Public Safety be held periodically as it is my belief that such conferences will work for increased cooperation and efficiency.

"Very truly yours,
(Signed) M. C. Ellenstein,
Mayor."

City of Newark.

"Gentlemen:

"I have consulted counsel with reference to 'General Order from the Mayor No. 11' informing me 'your designation as Acting Director of the Department of Public Safety is terminated.'

"My counsel informs me that the validity of my original designation as Acting Director of the Department of Public Safety of September 13, 1939, is open to legal question due to the ambiguity of the provisions of the Act under which my appointment was purported to be made.

"In view of this fact I deem it my duty to the citizens of the City of Newark not to continue to hold an of-

office, my title to which is open to legal doubt, particularly in circumstances such as confront the Department of Public Safety at this time, whereby my purported authority to administer this office has been interfered with to such an extent that perhaps this most important Department of the City government is being administered under divided authority.

"I have decided to notify you that I will not continue to administer the office of Acting Director of Public Safety on and after May 13th, 1940.

"Yours truly,
"John B. Keenan."

"Fire Commissioner John B. Keenan,
"Fire Division,
"Department of Public Safety,
"City Hall, Newark, New Jersey.

"Dear Sir:

"This will acknowledge your letter of May 12th in which you terminate your office as the purported Acting Director of Public Safety, to be effective as of May 13th.

"Acceptance of your decision is hereby affirmed with the understanding that you make recommendation to me of dispositions of the towing car trials, as you agreed to do at the conference held at my office, with the Police Commissioner, Chief of Police and other divisional heads on May 10th when I suggested that you inform Mr. McGlynn that it was imperative that he sum up his cases within five days, otherwise you would be compelled to make your decision without the summations he requested. You concurred in that suggestion.

"It is to be hoped that you will make no objections to this, since you yourself have stated that these preparations and hearings consumed months. Further delay is detrimental to the best interest of the Police Department and all concerned.

"Anticipating your cooperation with an early reply, I am,

"Very truly yours,
"Mayor."

Ordered filed.

Commissioner Murphy: What I wanted to bring up, the County Tax Board has agreed—I have just received word from the Law Department—to postpone for one week. M. Ellenstein
Pearce R. Franklin

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioner Franklin,
Mayor Ellenstein.

Naye: Commissioner Byrne.

Commissioner Franklin: Mr. Deputy Director, what is the status—I understand there are two relief funds, one a bond issue to be issued of \$1,750,000 and \$1,500,000 which was contained in the budget. Have either or both of those funds been used and how much has been used in either of them?

Mr. Farrell: Nothing.

Commissioner Franklin: There is \$200,000 left in the budget appropriation and nothing has been taken out of the bond issue of \$1,750,000. That \$200,000 now, is that exclusive of the \$150,000 that is to be set up in the stamps?

Deputy Director Cozzolino: Yes.

Commissioner Franklin: That \$200,000 is pretty close to the mark

Mayor Ellenstein: We will do the same as we did last year, borrow it by emergency notes.

Commissioner Franklin: I assume then Wednesday we ought to have an authorization by resolution to sell some of the bonds so that fund can be liquid.

Deputy Director Cozzolino: We don't need to do that. We can borrow now on the assessment.

Commissioner Franklin: Of the original resolution?

Deputy Director Cozzolino: That is right.

Commissioner Franklin: Can I request that you do that so there will be funds available to replenish —

Deputy Director Cozzolino: We didn't do anything about that because of the fact that we were waiting for the final outcome of this proposition.

Commissioner Franklin: I presume it takes about ten days to make a sale?

Deputy Director Cozzolino: No, we don't need to make any sale because it will not be interfered with. We will borrow on temporary notes.

Commissioner Franklin: That you can do rather quickly. The only thing I want to be sure of is that the relief fund will be sufficiently liquidated to pay our ordinary debts plus redeeming those vouchers as they come through.

Deputy Director Cozzolino: You will be all right for four months in the event the State doesn't give us a penny.

Commissioner Franklin: After that we will go into emergency resolution.

I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Mayor Ellenstein.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Mayor Ellenstein.

Mayor Ellenstein offered the following resolution:

WHEREAS, the New Jersey Legislature has approved Senate Bill No. 280, which sets up new formulae for

the distribution by the State of New Jersey to its municipalities of state funds available for emergency relief, and

WHEREAS, by the provisions of this Bill, a number of municipalities with a light relief burden will receive from the State for the year, 1940, sums in excess of \$900,000.00 more than they received in 1939, and

WHEREAS, by the terms of this Bill, other municipalities, whose relief burdens and obligations are great and oppressive, will receive from the State of New Jersey a small percentage of local relief costs than was paid in 1939, and

WHEREAS, the same group of municipalities, where the relief load is greatest, will, under the provisions of this Bill, be required to submit to unfair, discriminatory and unworkable restrictions as a condition to the receipt of even the reduced percentage of state aid, and

WHEREAS, there is likelihood and danger that many of the municipalities affected will be unable to comply with these restrictions, and, as a result, will forfeit a substantial amount of their already reduced share in state relief funds, and

WHEREAS, the reduced percentage of state aid and the imposition of the restrictions as a condition to receipt of the reduced amount of state aid threaten to demoralize and disrupt the administration of emergency relief in the City of Newark, and in most of the large communities of the State of New Jersey where the relief problem is most acute, and

WHEREAS there is no justification in reason or fairness at a time when relief costs are declining, for the payment to a group of municipalities of approximately \$900,000.00 of state funds for emergency relief over and above what was paid to these municipi-

palties during 1939, when their relief load was greater than it is in 1940, and

WHEREAS the program expressed in Senate Bill No. 280 constitutes in most cases a contribution to municipalities which do not need it, and a reduction in the case of municipalities which cannot afford it, and

WHEREAS, the restrictions imposed upon the municipalities placed in the less favored group, as a condition to the full receipt of their reduced share of state funds, are undemocratic and political, and tend to humiliate and degrade relief recipients whose misfortune it is to reside in communities having a great relief burden, and

WHEREAS, these restrictions discriminate between the unemployed residing in municipalities whose relief problem is great, and the unemployed who happen to reside in more fortunate municipalities,

AND WHEREAS the Bill, by arbitrary classification of municipalities on the basis of ratables, with contributions from the state, which the State cannot at this time afford, to the more fortunate municipalities, and the imposition of deductions and restrictions in the case of the "have not" communities,—is un-American and serves to encourage antagonisms among the various sections of the state, and to divide the state against itself.

THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Newark:

1. That the Board of Commissioners of the City of Newark disapproves of the provisions of Senate Bill No. 280, and of the principles and policy of state aid for emergency relief expressed thereby.

2. The Board of Commissioners of

the City of Newark condemns as discriminatory, unfair, unworkable, and undemocratic the provisions of Senate Bill No. 280, imposing restrictions on municipalities with great relief responsibilities, which are not imposed upon the more fortunate and more favored municipalities of the state.

3. The Board of Commissioners of the City of Newark protests the reduction in percentage of state aid for emergency relief required by the provisions of Senate Bill No. 280, in the case of municipalities whose needs are greatest.

4. That the Governor of the State of New Jersey be urged to veto Senate Bill No. 280, and that copies of this resolution be sent to the Governor of the State of New Jersey, and to the chief executive officer of every municipality affected by the discriminatory provisions of Senate Bill No. 280.

WHEREAS the City of Newark, aided by the State Financial Assistance Commission, and the State, have sponsored sewing room projects, housekeeping aid, household workers training and planning board projects of the Federal Work Projects Administration, and which projects now employ a large number of persons taken from the relief rolls of the City; and

WHEREAS, it is reported that some or all of the aforesaid projects may be discontinued because of the failure of the state legislature to appropriate sponsor's funds; and

The Board investigated that and found there was sufficient space in the court there to take care of any light and air and that the garage would not completely block the windows. Mayor Ellenstein: 191 and 193 what street?

Mr. Gesuldi: South 7th.

Mayor Ellenstein: This is the apartment there?

Mr. Gesuldi: Yes. I feel—

Mayor Ellenstein: Are you a resident there?

Mr. Gesuldi: Owner and resident.

Mayor Ellenstein: How many families in the apartment?

Mr. Gesuldi: Eight. At the time we bought the place we bought it with the understanding that the place was a residential district, and that in the future it would be kept that way, and any such business enterprise there would be a detriment to our income, and I feel that the people around the said property have been paying taxes in the past in order to keep up that district as residential, and I know that any such business enterprise will in the long run be a loss and cannot be any gain to us. We know so many things that would come up during these funeral processions that would not be any favor to us.

Mayor Ellenstein: What things, for example?

Mr. Gesuldi: Well, parking cars. They have too many cars around there, and many people coming in and out, and it is not a nice sight to see funerals, especially so close to the house, and it is not one that is going to be held, it will be many. Any time one looks out the window there it sort of kills the happy feeling that he is in at the time. I know that my tenants all disagree on having such a business put up there. They are all for a residential district, and I know that the property and everything will be depreciated.

We have been paying our taxes quite regularly in the past, and always on time, and I feel that we should have some satisfaction.

Mayor Ellenstein: Are there any other objectors?

Mr. Gesuldi: I have two more property owners, and I have a petition here signed—

Mayor Ellenstein: Just hand it up. Where does this lady own?

Mr. Gesuldi: Hers is 192. She has got a lot and a house.

Mayor Ellenstein: 192 South 7th Street?

Mr. Gesuldi: That is right. And the other, 185 South 7th Street.

Mayor Ellenstein: How about these adjoining property owners, do they object?

Mr. Gesuldi: Last week they did.

Mayor Ellenstein: 338, for example, the property immediately adjoining.

Mr. Gesuldi: They are strongly against it, and they are the ones started that petition and told us to take it down. Probably something must have turned up—

Mayor Ellenstein: The West End Building and Loan owns that, the Secretary of the Board of Adjustment says, and they did not object.

Mr. Gesuldi: Which one is that?

Mayor Ellenstein: 338, the one immediately adjoining.

Mr. Gesuldi: I thought you meant the one directly across the street.

Mayor Ellenstein: I am talking about 338. They would be very much more affected than you would be at some distance. 185 is almost 200 feet away. 185 is almost outside of the 200 feet. How about the owners of 338, 336, and 334?

Mr. Gesuldi: Which house is that?

Mr. Rankin: 336, there was an objector present.

Mayor Ellenstein: How about 334?

Mr. Rankin: We have a letter on that from the Home Owners Loan. They object to that.

Mayor Ellenstein: How about 216 South 7th Street?

Mr. Rankin: Charles Hague, the owner, was present and objected.

Mayor Ellenstein: How about these four corners? How many objectors?

Mr. Rankin: The owner of 345 Thirteenth Street on the northwest corner did not object.

Mayor Ellenstein: Isn't Dr. Reilly on one of those corners?

Mr. William Nottle: Dr. Reilly doesn't object. I personally called on Dr. Reilly—

Mr. Rankin: The Fidelity Union Trust Company at 344 Thirteenth Avenue did not object.

Mayor Ellenstein: Where do you own property?

Mrs. Filomena Juliano: 185.

Mayor Ellenstein: This lady is 185 South Seventh and the other lady is 192.

Are there any other objectors?

You are appearing for the applicant?

Mr. Nottle: For the applicant, yes, sir. We have a petition here signed by Dr. Gisano and Dr. Smith. Dr. Gisano is 194, right next door. (Mr. Nottle continues reading the names of the signers of his petition.)

And there was a Mr. Stopper. He has no objection, but he would not sign—

Mayor Ellenstein: Who is Mr. Stopper?

Mr. Nottle: On the opposite corner. I personally saw Mr. Stopper. He has no objection, but he won't sign a pe-

tition. He was afraid if he agreed to this he would have to agree to a gasoline station or some other enterprise that might go on the premises.

Last week there were apparently eight or nine objectors. This week there are only three. The best of them are nearly in accord. It wasn't understood what was to be done.

I might state, the building is not going to be torn down. My man hopes to embellish it. The plot will be better than it is today, and the interior will be extensively altered and there will be an increased taxation to the City of Newark.

Mayor Ellenstein: Director Byrne says he understands \$10,000 will be spent on this.

Mr. Nottle: Approximately \$10,000 we expect to spend in there on the interior. The exterior, the only difference there will be two columns in the front.

Commissioner Murphy: Is this fellow moving from another place?

Mr. Nottle: Yes. He has been in that neighborhood, the undertaking establishment been in business for the last thirty-five or forty years.

Commissioner Murphy: I am trying to place where he was.

Mr. Nottle: Camden and South Orange Avenue at the present time.

Commissioner Murphy: On the corner?

Mr. Nottle: That is right.

Mayor Ellenstein: Is there anyone else?

Mr. Gesuldi: Last week, we just got that petition signed two days ago, but it seemed as though Mr. Tamburo just got ahead of us and talked to

each one privately, and naturally, he did change their minds. But they were strongly opposed to it last week and they were all here.

Mayor Ellenstein: You don't doubt that those are their signatures?

Mr. Gesuldi: I know that.

Mayor Ellenstein: Is that their signatures?

Mr. Gesuldi: That is their signature, I cannot doubt that.

Mr. Notte: I might state they were afraid a club house was going to be installed there in the undertaking establishment, and we dissuaded them and told them it was not a proper thing to have a club room in an undertaking establishment. Someone told them there was going to be pool tables, card parties, and so on.

Commissioner Murphy: They don't go together.

Mr. Notte: They don't go together.

Mr. Gesuldi: That is slightly exaggerated. We happen to know in his present place there he has many employees around his property there, around the business that he has there, and we feel—

Mayor Ellenstein: In the funeral parlor?

Mr. Gesuldi: In the funeral parlor.

Mayor Ellenstein: How many employees?

Mr. Gesuldi: His employees.

Mayor Ellenstein: How many employees would they have around the funeral parlor?

Mr. Gesuldi: Drivers—I don't know exactly.

Mayor Ellenstein: They have driv-

ers around any business place in the garage. You say they are in business now at South Orange Avenue and Camden Street. You are talking about traffic conditions. South Orange Avenue at that street is not a very wide street—I think it is about 40 feet. It would seem it would be to the best interests of everybody to have him go in off a main artery like South Orange Avenue into another part for a funeral parlor.

Mr. Gesuldi: I cannot see how it will help me any. I know darned well that is going to be a detriment.

Mayor Ellenstein: The only detriment you know of is that there will be parking in front of your house.

Mr. Gesuldi: That is right.

Commissioner Byrne: There will be an increase in personal taxes, too.

Mr. Notte: Undoubtedly in personal and realty.

Mr. Gesuldi: We pay quite a lot of taxes ourselves and we have been paying taxes for quite a while. If you will look up our record you will notice as a taxpayer we rate pretty high.

Mr. Notte: We all pay taxes.

Mayor Ellenstein: These large institutions like the West End Building and Loan and Fidelity Union, they own property around there. Those people are more experienced in property values; they own a lot of property. If a funeral parlor is going to deteriorate their property they would be here objecting. They have real estate agencies, all these large institutions. You and these two ladies are removed a considerable distance.

Mr. Gesuldi: It is not a considerable distance.

Mayor Ellenstein: As compared to

an adjoining property owner. The adjoining property owner is the one who is more vitally affected, don't you agree with that?

Mr. Gesuldi: Yes, but I think we have quite a valuable piece of property there and it is going to hurt us more.

Mayor Ellenstein: What is the disposition of the Board?

Commissioner Byrne: I move we concur in the recommendation of the Board of Adjustment.

The roll being called the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Mayor Ellenstein: That has been passed by the Board and it has a restriction, no bands.

"RESOLVED, That Frank Cozzoline, President, and Mrs. Edith M. Berry, Vice President, be and they are hereby appointed members of the Board of School Estimate, and that the Secretary be directed to notify the Board of Commissioners of the City of Newark of this action of the Board."

Yours truly,
Alfred H. Krick,

Ordered filed.

A report on 1938 omitted assessments against American Steel Foundries, American Hawaiian Steamship Co., Borden Company and U. S. Lumber Co. was submitted by Commissioner Murphy.

Commissioner Murphy: Here is a report, Mr. Mayor, on four of the companies that I have settled with, in line with the approval of the Commission at the meeting; and the others are before the County Board and they are still making settlements on some of the others. So I just got that turned over to me today, otherwise I would have given it to you sooner. Those were the four that the amount of money we collected, as outlined in our conference, amounts to \$112,000 on these four.

Now, the others on the back of the page there, they are still pending before the County Board and we are still negotiating with them on the basis there may be some additional settlement with them. That is the National Biscuit, American Radiator, Porto Rican and Spalding.

There was a reversal on the Sun Oil case by the County Board on the question of jurisdiction, and the city is appealing the decision.

This is the report.

Mayor Ellenstein: Shouldn't a resolution be introduced?

Commissioner Murphy: I wanted a resolution to settle the thing, but the Law Department advised me it was not necessary. It is all right with me to introduce it.

Mayor Ellenstein: That is all right.

Now, for the purpose of the record, you may make your statement.

Commissioner Murphy: I move you, Mr. Mayor, that the statement in reference to the settlement with the four companies as outlined in this report to the Commission, be recorded in the minutes, and at a later date a further report will be submitted to the Commission as adjustments are made with the different companies.

Commissioner Byrne: I move we concur in the recommendation of the Board of Adjustment.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

The City Clerk: Mr. Mayor, there has been a request for a suspension of the rules in a matter in which there were objectors. This case was approved by the Board of Adjustment yesterday and referred to us for a hearing date. The representative of the applicant has notified all of the objectors in writing; the list of objectors was checked by Mr. Bates of the Board of Adjustment and Mr. Bates is satisfied that all have been notified, and I understand they are here now requesting a suspension in this matter.

Mayor Ellenstein: Are you objecting to the suspension of the rules or do you want to speak against the application?

In the matter of suspension of the rules in the Application of The Tube Reducing Corporation, 24-38 Grafton Avenue, the following persons appeared and talked on the resolution:

Mr. Nicholas Monaco, 1180 Raymond Boulevard.

Mr. Samuel J. Foosaner, 11 Commerce Street.

Mr. Michael DelGaizo, 246 Woodside Avenue.

Mrs. L. M. Ott, 190 Riverside Avenue.

Mr. F. H. Hughes.

Mayor Ellenstein: We are not going into the merits of it now; we are now determining whether to grant the application made by this gentleman. Otherwise, he would not be compelled to serve you with notice. The law requires that a week elapse before the City Commission hears it. Then it is not incumbent upon him to serve

notice upon you then; you must come here then, on the assumption that you are familiar with the law. In other words, he only gives you one notice, and that is for appearing before the Zoning Board.

Commissioner Franklin: I move you Mr. Mayor, in view of the fact that I regard that these people should have an opportunity to be heard, I move that this matter come before our regular meeting on next Wednesday.

Mayor Ellenstein: In other words, your motion is that the request for a suspension of the rules be denied?

Commissioner Murphy: I think the people should be given an opportunity. While I do not want to stand in the way of defense in these times, and I can see the necessity of the company moving along on emergency orders that are coming in, but I think in all due respect to the taxpayers in that area that are here feeling as though they are entitled to at least a week's notice to prepare themselves, I certainly believe it is right.

I second the motion.

Mayor Ellenstein: There has been a motion made and seconded that the application for a suspension of the rules be denied. All those in favor will say aye, contrary no; the Clerk will call the roll.

On roll call: Commissioners Frank? line, Murphy, and Mayor Ellenstein voted aye; Commissioner Byrne voted no.

Mayor Ellenstein: The motion is denied. It will have to take its course until next week. I would suggest in the meantime that you confer with this gentleman and convince him and it will obviate, perhaps, the necessity of these people coming down here and doing that.

The other matters referred by the

Zoning Board will take the usual course and be heard one week from today.

Director Murphy introduces the usual five resolutions and it is understood they will be considered as read.

Commissioner Murphy: Right.

Resolution re-assigning divisions in the Department of Parks and Public Property.

On roll call: Commissioners Byrne and Murphy voted aye; Commissioner Franklin and Mayor Ellenstein voted no.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Byrne, Franklin, Murphy, Mayor Ellenstein.

Mayor Ellenstein: All in favor of the resolutions read by the Clerk signify by saying aye.

Commissioner Byrne: Before the roll call, I understand that on the roll call of resolutions the members are recorded in line with the way they have signed, whether they have signed or not signed the resolutions. In other words, the vote on the resolution is generally aye as a rule.

The City Clerk: That is right.

Commissioner Byrne: In the opinion of the Law Department how in the future should the members of the Commission vote: aye for those that they have signed favorably and no for those that are opposed and have it recorded that way?

Corporation Counsel O'Brien: That is right. In other words, have these been signed?

The City Clerk: That is right.

Commissioner Byrne: Many a time I vote aye—

Corporation Counsel O'Brien: When the minutes come to you, you are recorded as no.

Have you signed all the resolutions?

Commissioner Byrne: No.

Corporation Counsel O'Brien: I think that you ought to take all the ones that have been signed by the four Commissioners and read those and then take the ones signed by the three Commissioners.

Mayor Ellenstein: Why can't he vote aye with the reservation as to those resolutions which he has not signed?

The City Clerk: For the record it is definitely recorded as he has it on the resolution.

Commissioner Murphy: I don't think there is any question about it. I think the question involved in my mind is where you record the resolutions as a whole as being read by everybody saying aye and then later comes the question involved where the record shows contrary to the motion as a whole.

The City Clerk: I don't record that motion that way. This final roll call is not recorded.

Commissioner Murphy: Of course, that may be all right.

Mayor Ellenstein: Is there any objection to voting aye with the reservation, with the exception of those resolutions which I have not signed, from then on. You say with the usual reservations.

The City Clerk: This girl is here only to aid my memory. That is all

she is here for. She gives me notes of what transpired here and then I make up my minutes.

Commissioner Byrne: What is the use of taking a roll call if I vote aye and voted no on the resolution?

The City Clerk: To show those resolutions that were brought up.

Corporation Counsel O'Brien: I think you ought to check them over where all four voted aye. Read those over.

Commissioner Byrne: I voted this way. I don't want to be voting if it is illegal.

Mayor Ellenstein: What is the difference? We are all together.

Commissioner Byrne: Legal or illegal. Are we doing it the correct way?

Corporation Counsel O'Brien: I think that in order to have the record right if you are voting no on a particular resolution that you should not vote aye on a batch of resolutions including that because that includes aye on that and it contradicts. I think the thing to do is take the resolutions that have been voted for favorably and read those in one batch.

Commissioner Murphy: For the time being today the vote being recorded, I consider that an actual legal opinion.

Corporation Counsel O'Brien: What?

Commissioner Murphy: What you just said.

Corporation Counsel O'Brien: I said you would be safe in following that procedure, yes. It is legal. What you mean is whether or not

each resolution should be voted upon separately.

Commissioner Murphy: I refer to the vote. You say that we are safe, that we are legal to vote on the bulk or once we separate the resolutions—

Corporation Counsel O'Brien: I haven't made an exhaustive check.

Commissioner Murphy: Suppose you give us an opinion.

Corporation Counsel O'Brien: If you want an opinion on it I will give it to you. My offhand opinion is that it is perfectly proper for you to vote on them as a bulk. In order to have your votes correct on that call on a batch where you have all voted aye.

Commissioner Murphy: Sooner than drag it out let the Corporation Counsel render an opinion.

Mayor Ellenstein: Then as in the past 80 per cent. of the cases the Commissioners don't even reply to the roll call. What record do you make of that?

Corporation Counsel O'Brien: In the event that the Commissioner does not respond to the roll call his vote should be recorded as aye on that resolution if he is present in the room.

Mayor Ellenstein: The Clerk will call the roll.

The City Clerk: Commissioner Byrne.

Commissioner Byrne: Aye.

The City Clerk: Commissioner Franklin.

Commissioner Franklin: Aye.

The City Clerk: Commissioner Murphy

Commissioner Murphy: Aye on those I signed. No on the others.

The City Clerk: Mayor Ellenstein.

Mayor Ellenstein: Aye.

The following communication was received and read:

RALPH A. VILLANI
ATTORNEY AT LAW
Newark, N. J.

August 5th, 1940.

Hon. Meyer C. Ellenstein,
City Hall,
Newark, New Jersey.

Dear Mayor:

I am grateful to you and sincerely appreciate the fact that on Wednesday, June 12th, 1940, you sponsored my appointment to the Tax Board of the City of Newark and were supported by Commissioner Franklin, whose action I also appreciate. I was perfectly willing to serve the City of Newark to the best of my ability and to justify your confidence in me and, therefore, I was sworn in on June 13th, 1940, and appeared at the meeting of the Tax Board on Friday, June 14th, 1940, to assume my duties.

I had hoped that there would be no further opposition from Directors Murphy and Byrne, and was very much surprised when I was served with papers indicating that proceedings had been instituted.

While it is probably the fact that my appointment was perfectly legal and would probably be sustained by the Supreme Court, nevertheless, the situation, as it appears, is that the matter could probably not be argued before October and would, in all probability, not be decided for several months thereafter. I would, therefore, be unable to serve on the Tax Board with full confidence on the part of

the public that my acts are legal for many months to come, and further, I would not desire to collect a salary for services which I did not render.

Under the circumstances, a member of the Tax Board should be one whose acts are not legally in question, and deprecating the fact that my appointment has become a bone of contention between the Commissioners, I feel that I ought not to allow myself to become the subject of further litigation between the City and its Commissioners and, therefore, deem it for the best interests of all concerned that I do not continue as a member of the Tax Board. I, therefore, hereby resign as a member of the Tax Board.

Thanking you again for your personal courtesy and consideration, I remain,

Sincerely yours,
Ralph.

Mayor Ellenstein: What is the disposition of the Commission to the resignation?

Commissioner Byrne: I move it be accepted.

Mayor Ellenstein: All in favor of the motion signify by saying aye, contrary no; the Clerk will call the roll.

The City Clerk: Commissioner Byrne.

Commissioner Byrne: Aye.

The City Clerk: Commissioner Franklin.

Commissioner Franklin: Aye.

The City Clerk: Commissioner Murphy.

Commissioner Murphy: I personally don't believe that the appointment

was a legal appointment but I will say aye.

Mayor Ellenstein: The Clerk is ordered to make a copy of that resignation and return the original to me.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Carol De Palma (Samuel Pashkow, owner); for the establishment and operation of a retail ice depot in a 1st business district; premises 251 Walnut Street; such use to be limited to the period ending two years from date hereof;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that said recommendations of the Board of Adjustment be and the same are hereby approved.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

Charles Elliot Campbell, 194 Walnut Street: I am a real estate broker and appraiser. I live on Walnut Street. I want to re-open the case of a permit for an ice station at Jefferson and Walnut station. Since the Board granted it, we have just had a stabbing affair with an ice pick. The party who maintains it also has a fish store there.

Mayor Ellenstein: Is that the application before the Commission now?

Mr. Campbell: Yes. The Department was called down there last Wednesday

after this permit was granted. We don't want stabbing with ice picks, which we have. It is detrimental to every piece of property in the neighborhood. There will be tax appeals on account of it. We have been trying to get rid of menaces in the city.

Mayor Ellenstein: Did you appear before the Zoning Board?

Mr. Campbell: I did but they are afraid to do anything down there, afraid to get stabbed. They don't like the knife. This is right near the hospital, within two hundred feet from St. James Hospital, right near St. James Church.

Mayor Ellenstein: Does the hospital object?

Mr. Campbell: No, there is nobody down to object. I represent a lot of tax appeals.

Mayor Ellenstein: You say there are odors.

Mr. Campbell: From the fish store, yes. You can't even attend to the fish store. We don't want to have them on Sunday. You see crowds and things around there.

Commissioner Byrne: Fish and ice dock or just ice?

Mr. Campbell: He has got a fish place.

Commissioner Byrne: Does he want to get the ice dock to keep the fish on?

Mr. Campbell: No. There has been a stabbing. The case is in the Hospital. It is my friend, my neighbor.

Mayor Ellenstein: What's his name?

Mr. Campbell: Mazella. He is in a dying condition. We don't want anything like that in the neighborhood. Please re-open the case and stop them from having a condition of that kind.

Mayor Ellenstein: What is the disposition of the Commission?

Commissioner Byrne: I ask that action on this be deferred for one week.

Commissioner Murphy: I second the motion.

Mayor Ellenstein: The motion has been made and seconded that action on this matter be deferred for one week subject to investigation. All in favor of the motion signify by saying aye, contrary no.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Byrne, Franklin, Murphy, Mayor Ellenstein.

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Tube Reducing Corporation, owner; for the construction of an addition to present factory in a 1st industrial district; premises 24-38 Grafton Avenue;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that said recommendations of the Board of Adjustment be and the same are hereby approved.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application.

Mr. Louis J. Beers, 744 Broad Street: Mr. Mayor, I believe the

Board is familiar with the objection to the noises that emanate from this Tube Bending Company and why all of these people are here and many more have left because they have been with me from eleven o'clock this morning. I suppose the thing to do is call the witnesses as speedily as possible and let the witnesses say what the objections are.

Speaking on the Tube Reducing application:

Mr. Louis J. Beers, Mr. Del Guizo, Mr. Keller, Mr. Arch Wood, Mr. Foosner, Mr. Baker, Helen Ritter, Fred Hughes, Mr. Rude, Mr. Danek, Mrs. Kude, Miss Kirk, Mrs. Fischer, Carl Fisher, Florence Wright, Joseph Paine, Raymond G. Vogler, Mrs. L. Ott, Mrs. McGuinness, Mr. Holman, Mr. Dayton Caufield, Herbert Catenacci, Mr. Joy, Fred Bowers, Pasquale Cheset, Herman Brans.

Mayor Ellenstein: Suppose we interrupt this and go back to the resolutions.

Commissioner Byrne offered the following resolution:

(The Clerk then read the resolution pertaining to the Centre Market.)

WHEREAS, The City of Newark did on July 7, 1939 enter into a lease with the Casey Jones School of Aeronautics, Inc., for the top floor of the Centre Market Building, at 80-92 Mulberry Street, for a term of three years commencing August 25, 1939, and ending at midnight August 24, 1942, at a rental of \$12,000.00 for each of the years of said term; and,

WHEREAS, the said tenant, Casey Jones School of Aeronautics, Inc., requires additional space to meet the requirements of a contract with the United States Government in the training of certain personnel of the Army as aviation mechanics and aeronautical engineers, and desires to lease the first floor of the said Centre Market Building, in addition to the top floor, and agrees to pay the sum

The City Clerk presented the application of Tube Reducing Corporation, for construction of an addition to present factory, premises 24-28 Grafton Avenue, and stated that today was the time fixed for a further hearing.

The City Clerk: I was directed to get a report from superintendent of buildings Frederick Bigelow, and under date of August 20, be submitted to me the following:

CITY OF NEWARK, NEW JERSEY
John A. Brady, Assistant Supervisor
DEPARTMENT OF PUBLIC
SAFETY

August 20, 1940.

Hon. Harry S. Reichenstein,
City Clerk,
Newark, N. J.

RE: 24 GRAFTON AVENUE

Dear Sir:

I received your letter of August 15th, relative to the plant of the Tube Reducing Corporation, and as instructed by the City Commission, I respectfully submit the following report:

On Monday afternoon, by appointment, I went to 24 Grafton Avenue, and met Mr. Campbell, Vice President of the Corporation, and one of his assistants, who conducted me through the plant and gave me such information as I requested. Unfortunately there was no plan of the proposed new construction at hand for my examination. I also toured the neighborhood, once in the morning and once late at night, so that I might weigh alone the worth of the somewhat conflicting opinions of record.

It appears to me that the burden of proving the absence of a possible nu-

sance rests with the applicant, and as only a seismograph can present the facts relative to tremors in the earth. It might be asked that they submit this type of record preliminary to settling this part of the controversy.

It is admitted, and it is also evident, that there is a varied amount of offensive noise emanating from the plant. Consequently this industry is a non-conforming zoning use and may not be enlarged, unless an exception to the rule is confirmed by the City Commission.

When it comes to sound, I am not an expert; however, my text books and my experience lead me to believe that this item in dispute can be largely and sufficiently eliminated, but not in an everyday factory structure.

If the City Commission wishes to assure reasonable quiet in granting an exception to the Code, then the conditions of approval would of necessity be: That money must be spent for solid masonry walls with natural light admitted only through glass brick panels; insulation of roof decks and positive ventilation; that there be a minimum of doorways, and that these remain closed a night, excepting in case of emergency; and that trucking and car loading be limited to specific hours.

Respectfully submitted,
Frederic Bigelow,
Superintendent of Buildings."

I agree with Mr. Bigelow that the burden is on the other side. At the last meeting you asked the question whether this plant would be operated at night. I suppose the Commission ought to be told now whether it will be.

Mayor Ellenstein: Are you prepared to answer that question?

Mr. Foosaner: Yes. And I would

like to make a statement that will take three minutes, after which time I would like to close the applicant's case.

On the side of the objectors we find approximately twenty-five individuals have come in before this body and they object to excessive noise and vibration, to moving refrigerators and cracked walls. They say the Tube Reducing Corporation does not belong here, it is a bonton area.

On the other side we have twenty-nine affidavits and petitioning letters. We have affidavits of four engineers in a calm, practical way as to what might be done remedially. There are 112 employees at the plant and over \$100,000 a year payroll; that we are to build a \$100,000 extension necessitating further employees and commensurate payrolls. There are other Newark firms wholly or partially dependent on the applicant corporation; and finally and primarily we emphasize that you gentlemen have a Board of Adjustment, who, heard these objectors on July 16, and as much in detail because we did not leave here until after seven o'clock in the evening. It was only after they heard each individual objector that this Zoning Board went out to personally exhaustively investigate this situation, and they came back with a two or three page typewritten report in which they voted unanimous approval. They examined these things personally, and it was a unanimous approval.

Mayor Ellenstein: The impression I had when you folks left here last Wednesday was that you were going to try to get together with the engineers to determine whether or not there would be a reduction in the noise as a result of the construction of this plan. And whether they would consent to not operate those two machines that produce the greater portion of the noise, between certain hours. Have you consulted your

client to find out whether or not they could operate the plant with those two machines that produce the greater portion of the noise not operating between certain hours of the night? It would be specifically upon that condition and that condition alone. If any of those machines were operated at night, then the permit could be revoked.

Mr. Brams: You mean the sawing and reducing machines to be stopped at nine o'clock. Yes, the people here seem to feel satisfied.

Mayor Ellenstein: That would give the people relief. We are all agreed that the reducing machines and sawing machines are the causes of the noise largely, and then the falling of these pipes. I understand this building is to have a crane which will avoid that noise.

Mr. Foosaner: That is right.

Mayor Ellenstein: Can you make it nine o'clock?

Mr. Campbell: Yes. It will be very inconvenient, but if you want it—

Mayor Ellenstein: You folks would rather have it nine o'clock. Does that seem to meet with the approval of your clients?

Mr. Beers: Yes, your Honor.

Mayor Ellenstein: Will you state for the record—either one of you—I would rather either one of you do it with the acquiescence of the other, the condition on which the permit is to be granted? That the two reducing — that any reducing machine or any sawing machine will not be in operation between the hours of nine p. m. in the evening and eight a. m. in the morning.

Mr. Beers: Will you repeat that?

Mayor Ellenstein: That this permit

is granted only on the condition that none of the reducing machines or sawing machines will be in operation between the hours of nine p. m. in the evening and eight a. m. in the morning. There is a stretch there of eleven hours.

Mr. Foosaner: May I ask whether or not seven o'clock would suffice? The shifts run eight hours. It means merely cutting down the employment of employees.

Mr. Campbell: I want it understood correctly on what grounds the permit will be granted. There has been a lot of talk and I just want to have it understood clearly.

Mayor Ellenstein: I will state it, and if any of the Commissioners have anything to add or detract from it, or if you have any objections, you may state them. The permit will be granted on condition, first, that the applicant makes the representation that the noise will be very much decreased in the operation of the new plant, and it is based upon that representation that the City Commission grants the permit on condition that there won't be sufficient noise made between the hours of nine in the evening and seven in the morning so as to disturb the sleep of those living in that locality. If the noises are sufficient to disturb their sleep, then the permit in so far as the operation of the plant between the hours of nine in the evening and seven in the morning is revoked, and the permit continues for the operation of the plant between seven in the morning and nine in the evening. And the City Commission shall be the judge of those noises, if such noises do arise.

Mr. Foosaner: Your statement, in so far as it appears verbatim on the record will suffice.

Mayor Ellenstein: We will take a vote on it. We will restate it after the motion is made. It will re-state.

it by putting the motion. How will that be?

Mr. Foosaner: That is all right.

Mayor Ellenstein: Now I will entertain a motion.

Commissioner Byrne: I so move you.

Mayor Ellenstein: A motion has been made and seconded that since the representation made by the applicant in this matter is that the noises will be very much reduced and not affect the sleep of those living in the vicinity of the plant, that the City Commission grant this qualified permit that if at any time during the life of this permit, between the hours of nine in the evening and seven in the morning, there are sufficient noises emitted from the plant so as to disturb the slumbers of the people in that locality, that the permit will be revoked in so far as operating the plant between the hours of nine in the evening and seven in the morning. However, it will not in any wise affect a full permit and full operation between the hours of seven a. m. and nine p. m. in the evening; and that the City Commission reserves the right to be the sole judge if and when any noises do occur, as to whether or not it is sufficient to disturb the slumbers of the people in that locality, and also reserve the right to revoke the permit in so far as it applies to operation between the hours of nine p. m. and seven a. m.

All in favor of that motion will signify by saying aye, contrary no; the Clerk will call the roll.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

The resolution with the conditions agreed upon was then read:

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Tube Reducing Corporation, owner; for the construction of an addition to present factory in a 1st industrial district; premises 24-28 Grafton Avenue;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that said recommendations of the Board of Adjustment be and the same are hereby approved subject to the following conditions:

That if at any time during the life of this permit between the hours of nine in the evening and seven in the morning there are sufficient noises emitted from the plant so as to disturb the slumbers of the people in that locality the permit will be revoked in so far as operating the plant between the hours of nine in the evening and seven in the morning; however, it will not in any wise effect a full permit and full operation between the hours of 7:00 a. m. and 9:00 p. m. in the evening; and that the City Commission reserves the right to be the sole judge if and when any noises do occur, as to whether or not they are sufficient to disturb the slumbers of the people in that locality, and also reserves the right to revoke the permit in so far as it applies to operations between the hours of 9:00 p. m. and 7:00 a. m.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Commissioner Murphy: Mr. Mayor, I have a man in my department that has been injured and I have just received notice from the Insurance Fund Commission. Now, of course, I want it clarified. I am wondering whether the Law Department can give us a legal opinion whether or not the Insurance Fund Commission has the authority to handle Workmen's Compensation cases. All I know is that they forward a bill to my department for this man who injured himself working in one of the windows, and was in the hospital and operated on. Now, have they got that authority? Or is that empowered in the directors of the different departments?

Mayor Ellenstein: I think it ought to be referred to the Law Department.

Mr. O'Brien: I will answer that. We have been checking into that, and I have mentioned it to either you or Mr. Costello—

Commissioner Murphy: Mine just came in today.

Mayor Ellenstein: Mr. Schaeffer spoke to me about the matter where I think it was John McGeehan's office about to settle a case, the city had expended \$900 in medical fees in 1934. There apparently isn't any liability—or the liability is very questionable, so Mr. McGeehan said if the city will concede—under the Act the city will be entitled to, I think it is, \$700. Mr. McGeehan—

Mr. O'Brien: That would not come within the purview of Director Murphy's question, because his deals with compensation.

Mayor Ellenstein: It applies to an

employee in Director Murphy's department.

Commissioner Franklin: That is a particular case he is talking about.

Mayor Ellenstein: A question arose as to whether the Insurance Fund Commission should accept that and make a settlement by resolution, but since the Department of Revenue and Finance had paid the Insurance Fund Commission for the amount of the doctor's bills expended, then the resolution ought to come from the Director of Revenue and Finance, before the City Commission, to accept it in settlement. The Law Department recommended the settlement.

Mr. O'Brien: In other words, is this a matter in which there was a negligence action brought against a third party but because we had paid compensation—the city had paid compensation as a result of this same injury, we filed a claim against any settlement or judgment that might be made?

Mayor Ellenstein: Correct.

Commissioner Franklin: This isn't for salary, this is for a medical bill.

Commissioner Murphy: That is right, the doctor and the charge at the hospital.

Mr. O'Brien: Whether it be medical bills or anything else, the answer to the question is, just as you mentioned, it was charged against the Director of Revenue and Finance, and that point alone would not entitle him to determine whether or not that action should be taken and whether we should accept that settlement. There are other reasons as indicated by him which were beyond the scope of this particular one we are checking into, and he can have an answer on that if he wants it; but on this there can not be any question as to the right of

the Director against the Insurance Fund Commission to determine whether this settlement or adjustment will be made, whatever the terms are.

Commissioner Murphy: I think at the present time employees working for the city are under the impression that as soon as they are injured they are to report to the Insurance Fund Commission and that they handle their case. That appears to be the understanding I think with a number of them, because this just came to my attention now after the man has been in the hospital and operated on. And while I certainly have no objection to meeting the necessary financial obligations he was put to on it from the city's end of it, I am wondering if there is any legal authority—

Mayor Ellenstein: Whether you paid it direct or whether the insurance fund—

Commissioner Murphy: What authority has the insurance fund commission got to handle these workmen compensation cases under the law?

Mr. O'Brien: We are checking into that now. I will give you an answer on that now, because we have gone into it far enough as a result of the case—it was Mr. Costello I spoke to—in connection with that Insurance Fund Commission, for a great number of years running back, I guess, since it has been here, has taken and assumed jurisdiction over compensation cases in the city, but I do not believe that the Insurance Fund Commission as it is set up in this city has any jurisdiction over these cases. And while it has done that long before this Commission or the preceding Commission or even the one preceding that, it has nevertheless done that, I suppose in an endeavor to be useful in connection with the work of the City. But so far as legal authority goes, it is our tentative opinion, and I believe it will be confirmed when we finish

our checking into the setting up of the fund, that the fund has no jurisdiction over compensation cases and it should not handle them, and the director of each department should handle them, make his investigation, and after he has his investigation refer the matter to the Law Department for handling. I think that will be our recommendation to the Commissioners after we have completed our check-up in the matter.

I spoke to Mr. Costello about it—

Mayor Ellenstein: I spoke to Mr. Schaeffer about this case.

Mr. O'Brien: Well, I did not speak about any case to Mr. Costello, but just procedural matters.

Commissioner Murphy: That might be so, the proper course—

Mr. O'Brien: It means the employee should not go to the Insurance Fund Commission on that basis.

Commissioner Murphy: That is what I am trying to get at.

Commissioner Byrne: Are we self-insurers?

Mr. O'Brien: We are.

Commissioner Byrne: One hundred per cent?

Mr. O'Brien: On compensation, I think so.

Commissioner Byrne: I think that ought to come before the whole Commission.

Mr. O'Brien: I don't know whether—I would have to check in to see whether we have set up any separate fund for compensation.

Mayor Ellenstein: I spoke to Mr. Schaeffer as to the amount actually

expended each year and the amount it would cost the city for compensation insurance. I have forgotten the figures, but it was a very much larger amount saved than I thought could have been saved.

Mr. O'Brien: Oh, I imagine your saving is very big.

Mayor Ellenstein: Self insurers on compensation there is a larger sum of money saved.

Commissioner Murphy: I think the Act does give us the right for the City Commission to set up a separate fund. Now, just the legal angle of it I am not clearly familiar with, but that may be a point with the City Commission after we get a recommendation as to whether we should set up a separate fund in treating with this whole thing or whether each Director should handle his own cases.

Mr. O'Brien: Presently I would say that each Director has the right to handle such cases.

Commissioner Murphy: You will clarify that for us.

Mr. O'Brien: I will clarify it in the opinion. It just came up and we checked into it ourselves.

Commissioner Murphy: I just happened to get this bill downstairs on this man, and I thought it was a good time, being there was so much talk about the other cases, to get it clear.

Mr. O'Brien: I think that is something for your determination, Director, rather than for the Insurance Fund Commission.

Commissioner Byrne: If we are 100 per cent. self insurers for compensation we are liable to a large series of suits, that the city should be protected to the fullest extent by coming before the Commission or by having the

Insurance Fund Commission, if we are liable 100 per cent. for any claim, there is the responsibility that can come in at any time, and I think we should take every means to protect that.

Mr. O'Brien: I think so.

Commissioner Byrne: And won't that come before the City Commission as a whole?

Mr. O'Brien: Not necessarily; but you certainly should have the fund properly set up with proper investigators, and so on, to handle these cases. After all, things are sent to the department, we get the file and we act upon the file. We make some check-ups in the file, but we depend on the information given by the client plus what we may check down as it appears necessary. But the insurance companies in handling the thing will have their investigators make thorough investigations before they hand the claim file over to their lawyer or adjuster, as the case may be. And I think that same procedure should be very definitely followed here.

Commissioner Murphy: Well, we will have that report and then the Commission can be guided—

Mr. O'Brien: We are working on it now; we are checking into the set-up of the fund to see exactly what the provisions of it are.

Mayor Ellenstein: The usual five resolutions as submitted by Director Murphy will be voted on and considered as though they had been read.

The Board of Commissioners of
The City of Newark, N. J.

.....
City Clerk.

Newark, N. J., August 28, 1940.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at eleven a. m., Day-light Saving Time.

Present: Commissioners Byrne, Franklin, Murphy, Mayor Ellenstein.

Mayor Ellenstein: The Clerk will read the minutes of the previous meeting.

Commissioner Franklin: I move we dispense with the reading of the minutes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance changing and establishing the width of the sidewalks of Mary Street from Amsterdam Street to Avenue L.

The Board of Commissioners of the City of Newark do ordain:

Section 1. The width of the sidewalks on each side of Mary Street, from Amsterdam Street to Avenue L, is hereby changed to, and established at, nine (9) feet.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, as hereby

changed and established, which shall interfere with the construction of the new roadway pavement, curbing and appurtenances shall be forthwith removed therefrom by the owner or owners of the premises respectively abutting thereon, and in case of the failure of the owner or owners of the abutting property to remove the same upon thirty (30) days notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate or cause to be taken out, removed and abated, any vault, platform, area, sign, or any post or erection, or any projection or otherwise in, over and upon said Mary Street between the limits herein stated, contrary to the provisions of this ordinance, and the expense thereof shall be recoverable from the owner or owners of the premises abutting thereon.

Section 3. That this Ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this Ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Commissioner Franklin moved that September 11, 1940, at 11 A. M., Day-light Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby

by directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

The City Clerk presented "An Ordinance to amend an ordinance entitled "Zoning Ordinance of the City of Newark," adopted January 8, 1930," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Franklin: I move that the ordinance be laid over until September 11th.

Mayor Ellenstein: This ordinance involves a piece of property on Maple Avenue between Chancellor Avenue and the City line. That street is zoned for business property and this ordinance contemplates of that zone from business to residential so as to permit the owner of the corner of Keer Avenue and Maple Avenue to erect a frame building. Under our Building Code in a business zone, any business zone, it does not permit or allow a frame building within a business zone. Considering the ordinance it seems to me it would be wise and more practical to amend the Building Code rather than to have little pieces struck here and there and changing the zone. Then there is no doubt but that other properties would come in the same category. So the code could be simply amended so each business zone that is created would have frame buildings, that frame buildings should be permitted in that zone. That will take care of this situation. Instead of having a street zoned for business and then having a piece of maybe fifty feet interposed at different places I say that that ought to

be referred back to the Building Department and Law Department to amend the code to take care of the situation. If there is no objection that will be the disposition of it.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

The City Clerk presented "An Ordinance requiring all Contractors with the City of Newark to employ their employees at prevailing wages and conditions of labor," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Franklin: I have had a request to adjourn this ordinance for two weeks. I move that further action be postponed for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Commissioner Murphy: Commissioner Franklin, do you believe you will be in a position at the end of two weeks to take some definite action?

Commissioner Franklin: I think so.

Commissioner Murphy: Of course, this thing has been introduced and re-introduced and kicked around. Another two weeks, I suppose, won't hurt anybody as long as we get definite action.

Commissioner Franklin: I just asked for two weeks' adjournment, that is all.

Commissioner Murphy: Of course, you know best.

The City Clerk presented "An Ordinance requiring the use of the union label on all stationery and printing," and stated that today was the time fixed for a hearing, the ordinance having been introduced on information August 14th.

Jos. M. Byrne, Jr.

Mayor Ellenstein: Is there any person who would like to be heard in opposition to this application?

Commissioner Byrne: I would like the privilege of having this adjourned for one week, if possible.

Mayor Ellenstein: Does that come from a request by any objector?

Commissioner Byrne: I would like to look into this. I had an inquiry on it and I am not familiar with it and I would like to have a week's adjournment on it, if I could.

Mayor Ellenstein: Are there any objectors here?

You are appearing for the applicant?

Mr. William C. Fiedler: Yes. This is Mr. Enright of General Motors, and

this is Mr. Gessening who represents the owner of the land, and I happen to be the broker.

Commissioner Byrne: Go ahead.

Mr. Fiedler: Well, in this transaction—

Mayor Ellenstein: Well, let us dispose of this question. Are you prepared to vote—

Commissioner Byrne: He can tell me something about it.

Mayor Ellenstein: Director Byrne has suggested that the matter be deferred for a week, and I don't know whether that was at the request of any objector or not.

Mr. Fiedler: Well, that would be a rather serious thing, because the proposed builder is under contract to deliver this building when, Mr. Enright?

Mr. Enright: December 20th.

Mr. Fiedler: It will take 90 days, with speed, to finish this building.

Mayor Ellenstein: Providing you do not strike any inclement weather.

Commissioner Byrne: Would you mind telling me just what it is?

Mr. Fiedler: Here is a building that is to cover an area of 50,000 square feet on the northeast corner of First Street and Dickerson Street, property owned by Mr. Meenen. It is proposed to erect a building on that area of 40,000 square feet at a cost of approximately \$100,000. The 10,000 feet will be used not for an open driveway into the building. This

building is to be used for garaging purposes, this is a sales and distribution station. In other words, their agents from all over northern New Jersey or all over New Jersey—

Mr. Enright: Up to Albany.

Mr. Fiedler: This is the place where their trucks are kept.

Commissioner Byrne: Have there been any objectors to this before the Board of Adjustment?

Mr. Fiedler: Yes.

Commissioner Byrne: What were the grounds?

Mr. Fiedler: The objection was on the ground that the entrances happened to be opposite somebody's house, and that they thought that the trucks would make it—

Commissioner Byrne: Are there any objectors here today?

Mr. Fiedler: If there are, I don't know.

The City Clerk: Are there any objectors present?

Mr. Fiedler: There was a man who appeared last week.

The following persons appeared and spoke against the resolution:

Mr. Mike Cotter, 111 Dickerson Street.

Frank Ciccone, 92 First Street.

Patrick J. Cunningham, 94 Dickerson Street.

Mayor Ellenstein: Will you say

during that period of operation that noises created there will not be of such a character as to disturb anybody?

Mr. Fiedler: Of course not.

Mayor Ellenstein: That is all you are interested in are the noises, which will not be of such a neighbor as to disturb—

Mr. Fiedler: This is no new invention; you would think it was something created yesterday.

Mayor Ellenstein: Is that agreeable?

Is there anybody else who wants to be heard?

I will entertain a motion that the action of the zoning board be concurred in, with the provision that there will be no noises created of such a character that will disturb any of the surrounding inhabitants in their slumbers. That is agreeable?

Mr. Fiedler: Yes, sir.

Mayor Ellenstein: In other words, it is not going to be a nuisance.

Commissioner Byrne: I so move you.

Commissioner Franklin: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Mayor Ellenstein.

Commissioner Byrne: Mr. Mayor

and Director Franklin, I wish the City Clerk to read this last paragraph on the resolution regarding the Tube Reducing Corporation, and move that the minutes be properly adjusted.

The Clerk then read the paragraph as follows:

"And should any complaints be made, the Mayor and City Commissioners shall personally investigate such complaints and they alone shall determine the merit of the complaints so made and reach a decision based on their personal findings."

The City Clerk then read the resolution, as amended, in full:

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Tube Reducing Corporation, owner; for the construction of an addition to present factory in a 1st industrial district; premises 24-38 Grafton Avenue;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that said recommendations of the Board of Adjustment be and the same are hereby approved subject to the following conditions:

That if at any time during the life of this permit between the hours of nine in the evening and seven

in the morning there are sufficient noises emitted from the plant so as to disturb the slumbers of the people in that locality the permit will be revoked insofar as operating the plant between the hours of nine in the evening and seven in the morning; however, it will not in any wise affect a full permit and full operation between the hours of 7:00 A. M. and 9:00 P. M. in the evening; and that the City Commission reserves the right to be the sole judge if and when any noises do occur, as to whether or not they are sufficient to disturb the slumbers of the people in that locality, and also reserve the right to revoke the permit in so far as it applies to operations between the hours of 9:00 P. M. and 7:00 A. M.

And should any complaints be made, the Mayor and City Commissioners shall personally investigate such complaints and they alone shall determine the merit of the complaints so made and reach a decision based on their personal findings."

The Board of Commissioners of

Newark, N. J., September 11, 1940

Present: Commissioners Byrne, Franklin, Murphy, Mayor Ellenstein.

Commissioner Byrne presented the following ordinance for information.

An ordinance creating the Bureau of Purchase in the City of Newark, providing for the personnel, maintenance, and administration thereof, and defining, regulating, and prescribing the functions thereof:

Mayor Ellenstein: This ordinance will come up two weeks from today, on September 25th. It has been introduced for information only, and it will only come up for formal introduction on first reading, if it meets

with the approval of the City Commissioners.

The City Clerk presented "An Ordinance changing and establishing the width of the sidewalks of Mary Street from Amsterdam Street to Avenue L," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

(No response).

No one appearing, Commissioner Franklin moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Commissioner Franklin moved that the ordinance be taken up on second reading.

The roll being called, the motion was declared adopted by the following votes:

Section 1 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Franklin moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

The Clerk then read the title of the ordinance as follows:

An Ordinance changing and establishing the width of the sidewalks of Mary Street from Amsterdam Street to Avenue L.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

The City Clerk presented "An Ordinance requiring all Contractors with the City of Newark to employ their employees at prevailing wages and conditions of labor," and stated that today was the time fixed for a hearing on same, this being the adjourned date for same.

Commissioner Franklin: Two weeks ago I said I had been requested to ask for an adjournment of two weeks. At that time Director Murphy asked if there was going to be any further delay. I said I didn't think there would be, I just had been asked for this one request. The person who asked for the delay has not returned from his vacation, but will be here within the week; and I would ask a one week's adjournment, and I am sure that that will be the last.

Commissioner Murphy: Director Franklin, that will mean two weeks, as far as I am concerned, because I will be at a convention next week. Of course, while it has been kicked around for several months, I suppose it might as well hang for another two weeks; I can't do anything about it. But representatives are here from the Council, representing labor. I see

Brother Williams, the representative of the printers. Of course, at your request, I did not want to be contrary—

Commissioner Franklin: I am sorry; but it is something I did not anticipate and something beyond my control. I am sorry Labor had to come here today, and I just want the one week. If you have to put it over two weeks, I am sorry.

Commissioner Murphy: Well, it will have to, as far as I am concerned.

Commissioner Franklin moved that the ordinance be laid over to September 25th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

The City Clerk presented "An Ordinance to amend an ordinance entitled "Zoning Ordinance of the City of Newark," adopted January 8, 1930," and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Mr. Bigelow: It is no longer necessary; it can be dropped.

Mayor Ellenstein: Is it up today?

Mr. Bigelow: Yes. You wrote me a letter. It has been laid over to today. I wrote the City Clerk—

Mayor Ellenstein: Is this ordinance being abandoned altogether?

Mr. Bigelow: Yes, sir. If you want me to explain it, I will explain it.

Mayor Ellenstein: That has been dropped?

Mr. Bigelow: I advised you to drop it because I found I can issue the permit without any change.

Mayor Ellenstein: I will entertain a motion that the ordaining clause be stricken from the ordinance.

Commissioner Byrne: I so move you.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Commissioner Murphy: On that motion that was made, I understand that was only on the prevailing wage. Of course, the representative of the printing trades is here and wants to know if Director Franklin's request also applies to the ordinance pertaining to the use of the union label.

Commissioner Franklin: The request I had was just to postpone action on the ordinance.

Commissioner Murphy: Both ordinances?

Commissioner Franklin: What the merits of it are, I don't know.

Commissioner Murphy: Well, just so they do not have to wait. They are asking the question.

Commissioner Franklin: It was just a request that the ordinance be postponed for that period.

Commissioner Murphy: I mean both ordinances?

Commissioner Franklin: I assume so.

Commissioner Murphy: Just so I can tell the gentleman.

Commissioner Franklin: What is the other ordinance?

The City Clerk: That was only introduced on information.

Commissioner Murphy: It was to come up today whether it was finally to be introduced on first reading. This is the one on the use of the union label on printing.

Commissioner Franklin: This was on the wage and hour proposition.

Commissioner Murphy: This is another one.

Commissioner Franklin: I do not believe there was a request on that.

The City Clerk: This is about to come up. It has been introduced for information only.

Mayor Ellenstein: Has this ordinance been referred to the Law Department?

Commissioner Murphy: Yes, they had both ordinances. And there was a resolution passed by the City Commission which outlined the Commission's intent and purpose on the use of the union label. Now, of course, these groups feel as though the City Commission should adopt an ordinance and not just a resolution, and they believe the ordinance should be part of the—

Mayor Ellenstein: I do not see the approval of the Law Department on this ordinance.

Commissioner Murphy: No. They recommended the resolution.

Mr. Thomas Parsonnet: I think I can explain that, if you wish. When this ordinance was presented to the Corporation Counsel he checked the law and found that in 1901 the Paterson Chronicle case was decided holding such an ordinance was unlawful. Subsequently, the prevailing wage act was passed by the State Legislature and within the past two years two cases in New York have decided a similar ordinance was wrong. The Corporation Counsel did not want to approve the legality of that ordinance because of the 39 year old case, but he has indicated there is adequate opportunity to test the matter for the purpose of finding out whether there has been any change in court philosophy since that time.

Mayor Ellenstein: There is no objection to introducing this ordinance today and having a hearing two weeks from now, and avoid the necessity of these labor delegates coming down twice.

Commissioner Murphy: They can come down at the same time.

Mayor Ellenstein: Is there any objection to introducing this ordinance on first reading?

The City Clerk: This gentleman wanted to be heard.

Mayor Ellenstein: This ordinance is introduced for information. Do you want to be heard on it? Are you in favor of it or against it?

Mr. Archie McCorkindale: We are in favor of it.

Mayor Ellenstein: It isn't necessary,

because it is going to be introduced on first reading, and you save yourself for two weeks from today when it will come up for second and final hearing. You see, that is the same as approving of it — this ordinance originally had been introduced for information. That means it does not go through the legal process of advertising. Now, just have it introduced formally for its first reading. It then will be advertised, and two weeks from today will be before the City Commission for final adoption. It will be better if you will save whatever you want to say until two weeks from today.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Commissioner Murphy introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance at length:

An Ordinance requiring the use of the union label on all stationery and printing.

The Board of Commissioers of the City of Newark do ordain.

1. That all printing and stationery hereafter purchased for the City of Newark or for any of its departments, divisions, officers or employees shall bear the union label of the ALLIED PRINTING TRADES COUNCIL OF ESSEX COUNTY or the union label of the ALLIED PRINTING TRADES COUNCIL having jurisdiction over the territory in which said printing

or stationery shall be printed, or of any local union or national or international union whose employees shall receive wages and working conditions equal to or better than the wages and working conditions prevailing in the territory where such printing or stationery shall be produced.

2. It is hereby declared to be the public policy of the Board of Commissioners of the City of Newark that all printing and stationery hereafter purchased by the said City shall be printed and produced by workers who shall receive the prevailing wages and conditions of labor aforesaid, and that best and most satisfactory proof of the receiving by such workers of such prevailing wages and conditions of labor is the presence upon such printing and stationery of the union label.

3. This ordinance shall take effect immediately upon final passage and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Commissioner Franklin moved that September 25th, 1940, at 11 A. M., Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Mr. Charles Shankroff, 80 Court Street: I do not want to discuss this ordinance. I want to show there was opposition to this proposed ordinance.

Mayor Ellenstein: You want to be recorded as being opposed?

Mr. Shankroff: That is right.

Yeas: Commissioners Byrne, Franklin, Murphy, Mayor Ellenstein.

Mayor Ellenstein: The other cases will take the usual course and he heard one week from today by the City Commission.

The City Clerk: I have a resolution just handed to me by Director Murphy who asks that it be read in full.

Mayor Ellenstein: Mr. O'Brien, have you had a copy of this resolution? It was just handed to me.

Mr. O'Brien: May I see it?

(Commissioner Murphy handed Mr. O'Brien a copy of the resolution.)

Mr. O'Brien: I never saw it before.

Mayor Ellenstein: Let us have it read in full.

Is Mr. Ward here? I think you ought to get Mr. Ward in, Mr. O'Brien.

Commissioner Murphy: In the meantime you can take action on the resolutions to be introduced as a whole.

Mayor Ellenstein: They will be considered as though they had been read, the usual resolutions, the five that are introduced by Director Murphy.

A resolution re-assigning divisions

in the Department of Parks and Public Property.

On roll call Commissioners Byrne and Murphy voted aye; Commissioner Franklin and Mayor Ellenstein voted no.

A resolution re-assigning divisions in the Department of Public Works.

On roll call Commissioners Byrne and Murphy voted aye; Commissioner Franklin and Mayor Ellenstein voted no.

On roll call Commissioners Byrne and Murphy voted aye; Commissioner Franklin and Mayor Ellenstein voted no.

A resolution re-assigning divisions in the Department of Public Affairs.

On roll call Commissioners Byrne and Murphy voted aye; Commissioner Franklin and Mayor Ellenstein voted no.

Mayor Ellenstein: The resolutions having received but two votes are declared not adopted.

All right, now you will read the resolution.

(The City Clerk read a resolution rescinding resolution number 8308,

authorizing payment of commission to Waring Realty Company).

Mayor Ellenstein: What do you say about that?

Commissioner Murphy: Well, my contention is—

Mayor Ellenstein: Mr. Ward.

Commissioner Murphy: Pardon me.

Mayor Ellenstein: This resolution alleges that Mr. Ward made a mistake in representation to the City Commission.

Mr. Ward: In the first place, the opinion was and is that there is a 50 year lease; that the tenant complied with the requirements by erecting a two-story building, and upon that condition having been met the 50 year lease came into existence.

Before I refer to the matter of the resolution I want to direct the attention of the members of the Commission that the words "immediately to erect a building" are contained not only in relation to the two-story building but also the one-story building; and if Director Murphy is making his determination upon the immediate erection of a building, then he has to read that "immediate" as it might relate to the one-story and the two stories.

Mayor Ellenstein: Then the tenant has no lease at all?

Mr. Ward: Under those circumstances, he never erected a one-story building or a two-story building, so he has no lease.

In the matter of the resolution, the question which came up which

was raised by Director Murphy: Mayor Ellenstein asked me if there had been any extension of time, and I said I thought there had been. And the Mayor asked me if it was by resolution of the City Commission, and I said I thought it had been.

I immediately went back—Commissioner Byrne turned to me and said, "Is this a legal matter for the city to pay?" And I said yes. On my saying so, Director Byrne signed that resolution, and upon the same day so the other Commissioners signed it.

Now, I did go back and I found this resolution in my papers which appeared to be a copy of a resolution adopted on December 29, 1936. I immediately made a copy of that resolution and sent it to Director Murphy, and subsequently—

Mayor Ellenstein: Is that a certified copy, but it has the appearances of a copy of a resolution which I relied upon.

Mayor Ellenstein: You don't know whether that resolution was actually passed by the City Commission or not? You don't now know?

Mr. Ward: The record so far has failed to disclose it. We have not been able to find the conference minutes.

Mayor Ellenstein: But you have a lease properly executed by the City?

Mr. Ward: Yes, we have a lease—

Mayor Ellenstein: A 50 year lease, I am talking about.

Mr. Ward: Yes.

Mayor Ellenstein: Would it make

any difference whether this was actually a certified copy of any resolution passed prior to the execution of the lease or not?

Mr. Ward: It would not make any difference because there would be acquiescence on the part of the city by acceptance of the rent.

Commissioner Murphy: In other words, in your opinion this has no bearing on the situation whatsoever, is that right?

Mr. Ward: Not now, no.

Mayor Ellenstein: Not after the lease is properly executed.

Commissioner Murphy: Of course, there isn't any such resolution now, according to the record that they have investigated.

Mr. Ward: Mr. Stanton has searched the records in the City Clerk's office.

Mayor Ellenstein: That wouldn't make any difference?

Mr. Ward: That wouldn't make any difference.

Mayor Ellenstein: Then it is the position of the Law Department now, your legal opinion, that the money is due. Is that what you are advising the City Commission?

Mr. Ward: My Opinion is the tenant has a 50 year lease and the commission is due the broker.

Commissioner Murphy: I would like to state, Mr. Mayor, I have been served by counsel McGlynn, who has applied for a writ of mandamus, so, of course, if the position of the Com-

mission is just the same and it hasn't changed, I told him I was going to bring it up before the City Commission, my position. Of course, in the meantime he went into Court and applied for a writ of mandamus and served me yesterday afternoon, I think it was, if I am not mistaken,—late yesterday afternoon. So, of course I will just simply have to defend the position I have taken on being served by counsel, unless the City Commission wants to instruct the Law Department—

Mayor Ellenstein: It is silly and ridiculous when the Law Department gives the City Commission an opinion that the money is due and owing, to ask the Law Department to go in and defend it. If you have had expert legal advice that you are not obliged to pay the money by order of the City Commission, why, go in and get your expert legal adviser to defend it. But how can you ask the Law Department of the City to go in and defend your action when their opinion is what prompted the City Commission — the majority of the City Commission to sign the resolution? It is ridiculous.

Commissioner Murphy: Of course, everything I do is ridiculous in your opinion.

Mayor Ellenstein: It is still their opinion. You uncovered that there is no such resolution—

Commissioner Murphy: I am getting their opinion now just like you are. After uncovering this resolution, nothing was adopted by any City Commission and was still made part of the Law Department files. I still believe and am legally advised that the city is in a good position in order to contend that there is no 50 year

lease there, and I, as Revenue and Finance Director, certainly do not intend to pay out \$26,000 in fees as long as I am being advised that way.

Now, the Law Department is advising the City Commission otherwise. I have been served by counsel representing the company involved. As far as I am concerned as Revenue and Finance Director, I am going to contest into Court this case here. And if it is necessary I will carry it right in there with my own counsel.

Mayor Ellenstein: That is right; that is what you should do.

Commissioner Murphy: It isn't right, but I will say it is right for me to carry on.

Mr. O'Brien: May I say, Mr. Mayor, if Director Murphy has any suit instituted against him in his official capacity and he feels he has any defense to that action, why, the Law Department at his request will certainly present all of his views, such as are pertinent, of course, to the case, and will represent him if he wants us to. That is our job, and we are glad to do it. We have been in that position before where we had approved matters and the question came up, we told the Court what our opinion was and what we had done, and the Directors had certain other views which they desired to present, and we presented them.

Mayor Ellenstein: Do you want the Law Department to contest that mandamus proceedings started against you?

Commissioner Murphy: I don't know whether the opinion given now is all right or not. The position taken by

the City Commission is they can't. He says he can.

Mayor Ellenstein: I say it is an inconsistent position, I don't say they cannot. If you ask the Law Department to represent you, they will represent you.

Commissioner Byrne: I would like to make this request, that I went along on this resolution on the assurance of Mr. Ward. In view of the fact there is no resolution on record, I would like to ask Mr. McGlynn if he would stay that mandamus proceeding to enable me to look into this, for one week. Otherwise, I would have to move, on your opinion, to have this resolution rescinded, if there is no resolution. I think you must have a resolution. That is the way I have been advised hurriedly. But in order to solve the whole problem, I would ask Mr. McGlynn, as counsel for the plaintiff, if he would delay the mandamus proceeding.

Mr. McGlynn: Commissioner Byrne, I have been delaying this since June at everybody's request. Commissioner Murphy told me Monday afternoon at 5:30 on the telephone he would not give me a check. He mentioned nothing about this resolution. Earlier in the afternoon he gave us a personal reason why he wouldn't give us a check, and they have no legal status whatsoever. In view of that situation, why should I be involved in a dispute between these Commissioners? I have tried to be courteous, but I don't think—Justice Parker sits twice a month on motions. His next motion day is September 28. I don't see why I should be delayed.

And while I am on the legal situation, I think I am going to get a per-

empty writ of mandamus Saturday morning.

Commissioner Murphy: I don't mind saying to counsel—Mayor Ellenstein: Just a moment.

Commissioner Murphy: He spoke about me. I am going to answer him. In so far as him on Monday, I told him that I was looking into the matter and I had just come back, that I wasn't around for a week, and I would gladly give him a final answer. I told him then when he did call—the next morning, whichever it was—was it 5:30?

Mr. McGlynn: 5:30.

Commissioner Murphy: I told you I was going to report it to the City Commission. You said to me, "Would you be kind enough to give me a copy of that report to the City Commission?" I said, "That is all right." Is that right? Instead of that, you didn't say anything farther to me at all outside of you go right into Court to apply for a writ of mandamus on this whole thing.

Mr. McGlynn: I told you at three o'clock Monday afternoon when I was in your office there was only one thing left for me to do. You said you didn't care if it was pursued a hundred times.

Commissioner Murphy: I told you as far as the personal statement was concerned—it wasn't a personal statement—the only thing I had to say was, I didn't care what came up before the City Commission upstairs, that insofar as I was concerned, I was going to carry on my job. If you consider that personal, that is your business.

Mr. McGlynn: I asked you to give me a reason why you would not sign the check. You didn't give me a reason—

Mayor Ellenstein: What were the personal reasons?

Commissioner Murphy: Because I had not definitely determined my full position.

Mayor Ellenstein: I would like to know while this is going on, what were the personal reasons.

Mr. McGlynn: He told me he would do everything he could to inconvenience and annoy the people upstairs.

Commissioner Murphy: Oh, get out. Now you know that isn't so.

Mr. McGlynn: That is exactly what you said.

Mayor Ellenstein: That has always been your attitude, just an obstructionist.

Commissioner Murphy: You know that is just because you are playing ball with these fellows here.

Mr. McGlynn: I am playing ball with nobody.

Commissioner Murphy: You know that isn't true.

Mr. McGlynn: You said you were sorry I had to be in the middle.

Commissioner Murphy: When you started about being kicked around, I said, "I am sorry it has to be you."

Mr. McGlynn: That is what you said.

Commissioner Murphy That had nothing to do with your personal remarks you are trying to make.

Mr. McGlynn: They are not personal remarks.

Commissioner Murphy: Nobody can talk any more about being kicked around here than I have ever since the first time I came in.

Mayor Ellenstein: Director Murphy told you he would do everything—

Commissioner Murphy: Anything I have, I lay my cards on the table; I am satisfied to do that.

Mayor Ellenstein: Director Murphy didn't give you any legal reasons—

Commissioner Murphy: I would report to the City Commission where I am supposed to report.

Mayor Ellenstein: I am talking to Mr. McGlynn.

Mr. McGlynn: I asked him for a legal reason why I couldn't get the check. I telegraphed his home at Point Pleasant on Friday. I was here last Wednesday. I tried to reach him Thursday and Friday. Friday I wired him at Point Pleasant asking him to please tell his department to give me the check because everything had been done that entitled me to the check. I went to this office Monday, he was in conference. I waited until one o'clock. At 2:15 I went back and I stayed there until I got in, which was about 3:15. I asked him to give me a legal reason why I didn't get my check, and he gave me no legal reason. He told me that he would do everything in his power to annoy the people upstairs,—meaning, I suppose,

the other Commissioners, and he was sorry that I was in the middle.

Commissioner Murphy: That is your side.

Mr. McGlynn: That is what you said, sir.

Mayor Ellenstein: You say you did not say that?

Commissioner Murphy: That is right.

Commissioner Byrne: Mr. McGlynn has kindly consented to give me a week's delay on that.

Mr. McGlynn: That is on condition Mr. Ward goes before Justice Parker and arranges a date.

Commissioner Murphy: I don't mind telling you if you check with the telegraph office you will find no telegram was ever delivered to me at Point Pleasant.

Mr. McGlynn: I don't know about the delivery.

Commissioner Murphy: I am telling you. And I did not leave there until Sunday afternoon.

Mr. McGlynn: Do I understand Mr. Ward will represent both the city and the Director?

Mayor Ellenstein: What do you want to do about this resolution, do you want to withdraw it?

Commissioner Murphy: I have nothing else to do.

Mayor Ellenstein: The Law Department will contest this if you want

them to. You have heard their opinion.

Commissioner Murphy: I think they should. As long as it appears to me there is an opportunity.

Mayor Ellenstein: There isn't any need of any resolution; the Law Department will do it as a matter of duty.

Mr. McGlynn: I did not understand Commissioner Byrne's request. Was it to adjourn it a week to give him a chance to look into it?

Commissioner Byrne: In my opinion if there was not an accompanying resolution, it is my opinion that is necessary. If there was any action taken I would ask to vote to rescind this resolution. In view of the fact I would like an opportunity, I am asking you to hold this and give me a week's delay and not bring any mandamus proceeding against the city.

Mayor Ellenstein: Not against the city. This is against Director Murphy.

Mr. O'Brien: Against both the city and Director Murphy.

Mr. McGlynn: That is why I am asking whether Mr. Ward's representation is to be both Director Murphy and the city.

Mr. O'Brien: In the past Director Murphy has usually had some attorney come in in his behalf, and I have always consented to that.

Mayor Ellenstein: You don't mean some attorney, you mean one specific attorney: Mr. Parsonnet.

Commissioner Murphy: There is no secret about that. And I admire the fellow, I don't mind saying that publicly.

Mayor Ellenstein: That is your privilege.

Commissioner Murphy: Sure.

Mayor Ellenstein: As far as I am concerned, you can kiss him.

Commissioner Murphy: You have a member of your law department in your law firm. I mean, both of you are partners, so you are close enough. I have a right to have—

Mr. McGlynn: You mean Mr. O'Brien. When you look at me, I am worried.

Mayor Ellenstein: That is where I used better judgment than O'Brien did. I selected a good lawyer, O'Brien didn't.

Mr. McGlynn: All I want to know is whether—

Commissioner Murphy: Well, I know something now about you that I didn't know before, that is all right.

Mr. O'Brien: In cases in the past whenever Director Murphy wanted somebody to appear amicus curiae, we have always consented. In view of the fact we are obligated to represent anybody sued in an official capacity, under the statute, we have always told the Court we consented and would go along with the expressed desire of Director Murphy to have Mr. Parsonnet appear amicus curiae. If the same situation arises now we are willing to consent, if he wishes Mr. Parsonnet to appear in his ca-

capacity as attorney. I have no objection.

Mayor Ellenstein: You will have to appear if the city is a party to the mandamus proceeding.

Mr. O'Brien: Of course, what we have to do in such cases as that in appearing for the city, is to state our position and opinion, and then state, in fairness to the Court — and also state all possible objections that could be raised or argued and urged against the granting of the writ. In other words, this opinion, as far as we are concerned here, we go in and present all the arguments against it; in fairness to the Court we have to state our position.

Commissioner Byrne: As I understand, there is a stay of a week, and if there is enough information to warrant it being rescinded, in view of the fact there is a contention here—

(Commissioner Byrne continued speaking out of hearing of the reporter.)

And I have asked it be delayed for one week.

Mr. McGlynn: Mr. Ward just agreed with me that I would adjourn this for a week. That is on behalf of the city. I want to know whether Director Murphy, the other defendant, is represented by counsel, and will also agree to that.

Mr. O'Brien: Providing you can get a day of the week. Suppose Justice Parker does not want to hear it in a week?

Mr. McGlynn: I will take that chance.

Commissioner Murphy: I will agree to the adjournment, that is all right.

(The resolution was returned to Director Murphy without roll call.)

I presume the Commission is about to present a motion to adjourn. Before doing so, I want to know what the disposition is of Director Murphy and Director Byrne. Now, I have said before, and I want to reiterate that the most important functional activity of the City's agencies or administrations is that of levying taxes. Each one of the commissioners at the inception, when the Commission was organized, has been given the privi-

lege, not by law, to select one candidate for the Tax Department. Now, I have been without a representative in the Tax Department, and I feel, as one of the commissioners, I should have a liaison officer in the Tax Department.

I have introduced a resolution, and it was properly introduced, there was a quorum present—however, that is water over the dam; there is no point in discussing that. I want to know how the commissioners feel about my having a representative in the Tax Board. I think I am entitled to it. The taxing date is coming on, we are close at hand, and there is enough for, I believe, more than five Tax Commissioners, with the ramifications and everything attending present conditions, and I believe I should be entitled to a representative on that tax board. And I not only urge, but I insist that the City Commissioners do full justice to every taxpayer in the City and permit me a representative on that Tax Board.

Now, I think you, Director Byrne, made the public statement that you believed I should have a representative on the Tax Board, and I do not think it is reasonable to say that I am denied that opportunity.

I am not prepared to present a name now; I just want to know what the disposition of the Board is, whether, Director Byrne, you feel I am entitled to a representative and whether if the individual meets with what you consider is proper integrity and qualifications, whether you will vote for him. And I want to know the same thing from Director Murphy. I think I am entitled to it.

Commissioner Byrne: I think I have

already declared myself on this. The question in my mind is whether it is legal unless it comes through Director Murphy. In any event, I will be prepared to give you a definite legal answer next Wednesday.

Mayor Ellenstein: I am not talking about the legal aspects of it at all, I am talking about the moral side of it.

Commissioner Byrne: I spoke on the moral side.

Mayor Ellenstein: You said I was entitled—

Commissioner Byrne: I thought each commissioner was entitled, yes.

Mayor Ellenstein: Director Murphy said he would accept my recommendation if it met with his approval, I think. At any rate, he said that he would, I was entitled to it.

Now, don't you think you are morally bound to permit me a representative on the Tax Board when you, in the minority, were permitted a representative on the Tax Board at the time that this administration came into office when it was organized.

Commissioner Byrne: I don't think it is analogous at all, Mr. Mayor, putting it on that basis; I don't think it is at all comparable.

Mayor Ellenstein: Why not?

Commissioner Byrne: Because there were other departments in this City where both Director Murphy and myself were not given a representative.

Mayor Ellenstein: As important as the Tax Board?

Commissioner Byrne: Yes, sir.

Mayor Ellenstein: What department.

Commissioner Byrne: Law Department.

Mayor Ellenstein: That that is as important as the Tax Department, do you think?

Commissioner Byrne: I think it is awfully important.

Mayor Ellenstein: Well, I don't agree with you on that. You know, some things have happened in the Tax Department where some have received favoritism, and there is no point in my going into that again. I want a liaison officer. Why should the Tax Board function with four people? The City is zoned into five parts and has been for years, even before there were more ratables and I want a man in there who will bring to me first hand information what is going on in the Tax Department. If Director Murphy—

Commissioner Byrne: If the City Commission can operate with four people, isn't it a fact the Tax Department can operate with four men?

Mayor Ellenstein: I was personally present. I was elected by the people of this City and the Tax Board wasn't. That is the difference. And I am personally present. And those who voted for me and have some faith in my ability to observe things—but I cannot be at a City Commission meeting and in the Tax Board at the same time. And I don't see any logical reason to your contention or your hiding behind the fact as to the legality of it. I am now putting it strictly upon a moral basis and for

the protection of every taxpayer in this city. And I don't like to quarrel or anything like that, but I think it is my duty to direct it to your attention, and I think it is your duty to give credence to my request. I can say this for a certainty, if that happened to your representatives in the Tax Board I would unhesitatingly take your recommendation for a member on that Tax Board, and you know that is true, too. I am not asking you to do any more than I would do under the circumstances if the situation were reversed.

Apparently you are not prepared to answer, and Director Murphy is mute on the subject. It that right?

Commissioner Murphy: I gave my answer long ago; I am not mute.

Mayor Ellenstein: You are not going accept my recommendation?

Commissioner Murphy: That is right.

Mayor Ellenstein: You are going to permit the Tax Board to go as it is.

Do you want another week, Director Byrne?

Commissioner Byrne: Yes.

Mayor Ellenstein: All right. What is the disposition of the Commission on the further balloting of candidates.

Commissioner Byrne: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioner Byrne, Franklin, Murphy, Mayor Ellenstein.

The representative of one of the newspapers knew yesterday afternoon at twelve o'clock that I was going to introduce the resolution. The letter that I received this morning at 9:30 is all very significant, so it must have been, I have a right to conclude, at least, that the representative of the Newark News had

called it to the attention of Director Murphy and Director Murphy evidently thought he would sort of get off the starting line first and present this letter making the appointment. I want to call the attention of the Commission that I believe I am on fair and reasonable grounds when I insist that I be permitted to make an appointment of a tax representative so that I can have direct communication as to what is transpiring in the Tax Board. I want to point out to the City Commission that ever since we have had the Commission form of government in this City, since 1917, throughout the time that Mayor Gillen, Mayor Archibald, Mayor Raymond and Mayor Congleton were the nominal heads or chairmen of the City Commission that there was never that departure from the precedent irrespective of majority or minority. When this Commission was organized on prior occasions, this Commission, particularly when Director Murphy refused to appoint a member of the Tax Board when there was every justification for the City Commission to then fill the vacancy, we patiently held it open for almost an entire year until Director Murphy finally made the appointment. Always understand, a vacancy, a vacancy was permitted to be filled by the Commissioner who designated that man. Now, Director Murphy in his letter says I am privileged to go in and investigate. He knows as well as I do I haven't the time to investigate. He knows that that consideration was extended to every Commissioner. When this Commission was organized even though there was what you might term personal feeling among the City Commissioners, still, in the best interests of the taxpayers of the City of Newark, each one was permitted an appointment on that Board. I am there.

fore introducing this resolution which I will ask the City Clerk to read.

I might say in introducing this that I selected a man whom I consider and I think it is generally understood one of the outstanding American citizens of Italian extraction. I did it on the feeling that at least one-fifth of the citizens of the City of Newark are Americans of Italian extraction. He has resided in the City for forty years. He has been a taxpayer for many years; he is Director of the Columbian Mortgage and Title Company; he is Chairman of the Real Estate Board of that company; he has also for a number of years been president of the Roseville Building and Loan Association. He is a man obviously well qualified, he is a man that would be an asset to the Tax Board. I ask that fair consideration only, at least the majority to give me that consideration that was given to them when this Commission organized, by allowing me a member of my own particular designation on the Tax Board. And the man's name is Albert Del Viscovo. He resides at 259 Fifteenth Avenue. I thought I would tell you his name.

Commissioner Byrne: Before the resolution is introduced, in view of the fact that Director Murphy has made this appointment, the legality of this question, I have been wondering about it myself, I would like to go on record that we should have an opinion as to the legality of that move.

Mayor Ellenstein: Ask the Law Department for an opinion.

Commissioner Byrne: Should the Tax Board be advised?

Mayor Ellenstein: There is no nec-

essity of that because the City Clerk has not sworn him in. He can't officially vote until the City Clerk does swear him in.

Commissioner Murphy: I don't agree with that, which is only natural. I don't know anything about any opinion of the Law Department that I haven't got any authority to make the appointment. I believe under the act I am legally right, there is no question about it; I have that authority to make that appointment. I said very frankly that everything being equal, you certainly would be entitled to the appointment. Don't think that you can expect me to continue to take the kicking around I have been taking off you for the past three and a half years and then get to the point where you even stretch down right in my department and take away from the authority I have under the handling of the tax title lien certificates. I think it is just going entirely too far. I don't think that I have been treated fair. You can talk about the apportionment and representation, that has not been given me since I have been coming into this Commission. I can see no justification as to why where I have the responsibility under the law for this appointment, which I am advised I have and which I think I have, that I should allow you to make this appointment. I have therefore exercised my right, as I believe under the law, and made the appointment not on any information received from any News Company, the Newark News or individuals, but since I returned from Atlantic City I was satisfied that something must be done about the situation. I acted on what I think is my authority in making this appointment. The man has been sworn into office, I think he is legally sworn into office and as far as

I am concerned he is going to sit with the Tax Board and carry on. It is in my department. I believe it is my duty and my job and I am going to carry it out. I think it is fair. Naturally you don't agree with me and I don't agree with the treatment I have received. I don't intend in so far as I am concerned, where I have the authority, to let anybody else exercise authority for me any longer where I have it.

Mayor Ellenstein: I am going to show you how ridiculous your stand is. You are saying that I didn't deal fair with you because I was one of the Commissioners that voted to take the forecloseures away from you. Without discussing that at all you know very well that long before that happened you prevented me from putting a member on the Tax Board. Why make up an excuse now. Long before that happened, long before the foreclosures were taken out of your hands, long before I knew that Director Byrne was going to go along with it—

Commissioner Murphy: Do you want an answer to that?

Mayor Ellenstein: Wait a minute.

Commissioner Murphy: Do you want an answer to that?

Mayor Ellenstein: You will have a chance to answer it.

Commissioner Murphy: I am asking you before you go on, have your own way, that is your usual tactics.

Mayor Ellenstein: Are you going to let me finish, I didn't interrupt you until you were finished.

You have made the excuse, the only

excuse is you were not dealt fair with, the forecloseures was taken out of your hands. Therefore, there is not any likelihood or any inclination on your part of dealing fair with me. For months I have been doing everything possible in the best interests of the City of Newark, notwithstanding what you say, to have a representative on the Tax Board. Now you come along with this ridiculous excuse. In spite of the fact that you denied me the privilege of appointing a member of the Tax Board you give that as an excuse. That is about as inconsistent as you have been during the entire period with us on this City Commission.

Commissioner Murphy: The people of the City of Newark will decide the inconsistency stuff. I didn't appoint anybody, you know it, I made that statement time and time again that everything being equal—I didn't appoint anybody up until the time I think you got to where the straw that broke the camel's back in this case as far as I was concerned. I made the appointment, I think I am entitled to it.

Mayor Ellenstein: That didn't answer the question as to how ridiculous your excuse is.

Commissioner Murphy: That is your opinion.

Mayor Ellenstein: You gave that as an excuse.

Commissioner Murphy: I haven't appointed anybody right along, isn't that true?

Mayor Ellenstein: You are not even coherent now.

Commissioner Murphy: You with

your legalistic mind, naturally I can't be coherent to you.

Mayor Ellenstein: You gave the reason, however, I was one of the commissioners that voted to take the foreclosures away from you and therefore you were not going to give me any consideration, that is the reason you were not going to let me appoint a member on that Board. I am saying now that for months before there was an idea of the foreclosures being taken away from you you denied me the privilege of putting a member on the Board. There is not any consistency in that.

Commissioner Murphy: You were not able to influence a member of the Commission about it until the other day.

Mayor Ellenstein: What has that got to do with the excuse you make? The Clerk will read the resolution.

Commissioner Murphy: You have got to expect a reaction. You don't imagine I am going to sit here and not react against your hitting at me.

Mayor Ellenstein: I don't know why you call it hitting you. Director Byrne who has always voted with you in 99 out of 100 cases, he realized it was the best course to pursue in the interest of the City, that is why he voted for taking the foreclosures away.

Commissioner Murphy: I don't agree with you lots of times.

Mayor Ellenstein: You can't call it kicking you around.

Commissioner Murphy: I don't agree with his vote on it. If that is the action of the majority I am going to exercise my rights.

Mayor Ellenstein: And pay no attention to the majority?

Commissioner Murphy: That is my right in my department. You don't consult me on anything in your department.

Mayor Ellenstein: Don't you know that a man who votes along with you consistently like Director Byrne does and then decides to vote on this, isn't it possible that you are wrong?

Commissioner Murphy: Does it come to my mind?

Mayor Ellenstein: Does it strengthen the position of Director Byrne, that he is more likely to be right?

Commissioner Murphy: No.

Mayor Ellenstein: Read the resolution.

Mayor Ellenstein offered the following resolution:

WHEREAS, a vacancy exists in the office of member of the Board of Assessment and Revision of Taxes, a vacancy arising by the untimely death of the late Commissioner Edward J. O'Brien, who was recommended by Mayor Meyer C. Ellenstein, as his selection by agreement of the City Commissioners that each commissioner have selection for appointment one of the members of the Tax Board; and it has been the policy in the administration of the City government to permit the same commissioner to select a person to fill the vacancy, where the vacancy was of his selection; and that because of the importance of taxation in the life of the community, it is for the best interests of the City that appointments to the membership be made as aforesaid, so

that each commissioner may be kept informed by his appointee in matters of taxation; and,

WHEREAS, the nature of the work of the Board of Assessment and Revision of Taxes, the ratables of the City approximating \$850,000,000, requires a full board of five members, that to expedite its work the City is divided into five zones; that the method contemplates a commissioner assigned to each zone; and,

WHEREAS, Mayor Meyer C. Ellenstein recommends a citizen, Albert Del Viscovo, a capable and worthy representative of the people of Italian extraction, residents of our City, to fill the vacancy aforesaid;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that under and by virtue of the power and authority vested in them by law, and by the terms and conditions and provisions of a certain ordinance adopted by the Board of Commissioners of the City of Newark on third and final passage on July 28, 1937, entitled, "An Ordinance to Establish a Board of Assessment and Revision of Taxes, and to Provide for the Appointment of Members thereof, defining their duties and providing for the salaries of such members," that Albert Del Viscovo be and he is hereby appointed a member of the Board of Assessment and Revision of Taxes to take the place of Edward J. O'Brien, deceased, his said term of office to run pursuant to the provisions of the above mentioned ordinance, at the annual salary therein provided, of Four Thousand Dollars (\$4,000.00), to be paid semi-monthly as other salaries are paid; said appointment to be effective as of October 1, 1940, and the City Clerk

is hereby directed to place his name upon the payroll.

M. Ellenstein
Pearce R. Franklin

Mayor Ellenstein: All in favor of the resolution as read by the City Clerk will signify by saying aye, contrary no; the Clerk will call the roll.

The City Clerk: Commissioner Byrne.

Commissioner Byrne: Not voting on this resolution. I want to find out the legal opinion from the Law Department as to whether Director Murphy is correct.

Commissioner Murphy: Are you being recorded as voting?

Commissioner Byrne: Not voting for the resolution.

Mayor Ellenstein: If the Law Department decides that it is not a valid act by Director Murphy, may I ask whether you will then vote on the resolution?

Commissioner Byrne: I will decide then when I get that far.

Mayor Ellenstein: You are not certain about it?

Commissioner Byrne: No, I will decide then.

The City Clerk: Commissioner Franklin.

Commissioner Franklin: Aye.

The City Clerk: Commissioner Murphy.

Commissioner Murphy: No.

Commissioner Byrne I vote no.

Mayor Ellenstein: How do you vote, no or not voting?

Commissioner Byrne: No.

The City Clerk: Mr. Mayor.

Mayor Ellenstein: Aye. The resolution having received two votes is declared not carried.

You are changing your vote to no?

Commissioner Byrne: Yes.

Commissioner Murphy: I want to present this resolution here rescinding the resolution which was passed a couple of weeks ago when the City instructed the payment of the Waring Realty Company fee. I think in all fairness to the case that is coming before the Chief Justice of the Supreme Court—I believe the matter was up before Chief Justice Parker and he referred the matter to the court en banc—as I understand it is sitting, all the Chief Justices, and the fact that counsel for the Waring Realty Company is contending that the existence of the resolution passed by the Commission on August 14 is enough to entitle them to payment, I personally feel that that resolution should be rescinded so that at least the decks could be cleared for a fair clear-cut decision by the Court. I don't think that resolution ought to stand in the way whatsoever if there is an opportunity on the part of the City to save \$31,000 in commission fees or brokers' fees, why, I think we ought not to have any resolution of that kind before the Court.

Mayor Ellenstein: Who drew that resolution?

Commissioner Murphy: That is the

same resolution that was presented here a couple of weeks ago and the resolution was drafted in my department.

Mayor Ellenstein: Has the Law Department seen this resolution? This is a legal question.

Commissioner Murphy: A couple of weeks ago they saw the resolution.

Mayor Ellenstein: Yes.

Commissioner Murphy: The Law Department, the Corporation Counsel was here at that time.

Mayor Ellenstein: Have they approved that resolution?

Commissioner Murphy: I don't know whether he approved it or not.

Mayor Ellenstein: It ought to go to the Law Department then on the legal question. Certainly the Law Department is protecting the interest of the City, they are charged with it.

Commissioner Murphy: Right, they are charged with the duty.

Mayor Ellenstein: This is a legal question. You say somebody in your department. Who in your Department drew that resolution?

Commissioner Murphy: A couple of girls, typewriters.

Mayor Ellenstein: Who dictated the resolution?

Commissioner Murphy: My private counsel.

Mayor Ellenstein: Who dictated the resolution?

Commissioner Murphy: My counsel.

Mayor Ellenstein: Your private counsel?

Commissioner Murphy: Vincent J. Murphy, right; get that in the record.

Mayor Ellenstein: I think the matter ought to go to the Law Department for approval.

Commissioner Murphy: I move for the passage of the resolution.

Commissioner Byrne: What is the resolution?

Commissioner Murphy: The resolution rescinds the action of the Commission. I move the reading of the resolution.

Mayor Ellenstein: I would want to know the legality of the resolution. What is the position of the City?

Commissioner Murphy: The only thing that this does is rescind the last City Commission action and leave the case in the position it was prior to then. I even remember the Corporation Counsel saying here in the course of the debate, he said, "Well, I feel that the best thing for you to do, McGlynn would be apt to bring suit against the City if he finds out."

Mayor Ellenstein: What has that to do with this resolution?

Commissioner Murphy: Because now McGlynn is contending before the Court that this resolution entitles them to payment; on the basis of this resolution they should not prove the case any further than the recent action of the Commission.

Mayor Ellenstein: That may be so.

On the other hand the Law Department may decide that it is prejudicial to the City's interests. It certainly is not any harm in referring it to the Law Department.

Commissioner Murphy: It is impossible for it to be prejudicial to the City's interests.

Mayor Ellenstein: You have two impossibilities.

Commissioner Murphy: That is right, because I am the one moved in order to protect the City's interests, isn't that so?

Mayor Ellenstein: You moved as Mr. McGlynn said, just to do everything you possibly could to protect the fellows upstairs.

Commissioner Murphy: You are getting in sarcasm.

Mayor Ellenstein: Didn't Mr. McGlynn say that?

Commissioner Murphy: You are talking about not being fair.

Mayor Ellenstein: Did Mr. McGlynn say that? Do you deny that Mr. McGlynn said it?

Commissioner Murphy: Lots of things are said about you and if they are repeated to you you would say they are a liar, but remember telling the men like a gentleman, I told him he was wrong.

Mayor Ellenstein: Yes, you are right.

Commissioner Murphy: How about this?

Mayor Ellenstein: Very good. The

matter should be referred to the Law Department.

Commissioner Murphy: I move the resolution.

Commissioner Byrne: I second it.

Mayor Ellenstein: Any resolution involving any legal matter in the past has always been referred to the Law Department.

Commissioner Murphy: The case is coming up on Tuesday before the Supreme Court.

Mayor Ellenstein: The case should be adjourned.

Commissioner Murphy: I have the responsibility of the taxpayers, and it is urgent.

Mayor Ellenstein: The case should be adjourned and the City Clerk should be instructed to adjourn the case until a legal opinion can be given by the Law Department.

Commissioner Franklin: I think this matter will be disposed of with the resolution as passed. If this resolution is rescinded then there is nothing to take before the Court. If this matter is going to be disposed of it can be disposed of as fairly with this resolution in existence, better than without it. With the resolution out of existence, there is no refusal on the part of the City to pay this fee. A demand would have to be made for payment under the alleged bill and then the matter would have to go again to Court. It is before the court now. I don't see the necessity of rescinding the resolution. The whole matter is before the court now and the merits will be decided based on this resolution that was passed.

Commissioner Murphy: That is the question, Director, because Counsel McGlynn has contended with the Court in his case to the court that the resolution that passed the City Commission is all that should be considered in this case by the Supreme Court. This is his contention. That is the reason why I am asking to have that barrier to be removed; then let them go ahead to proceed to demand that fee.

Commissioner Franklin: The Court will take into consideration all the merits of the case.

Commissioner Murphy: Counsel here representing me can explain that question.

Mr. Parsonnet: Mr McGlynn is relying upon the case of American LaFrance. There are some distinguishing factors. It was held that the passage of the resolution required the payment of the money without regard to the merits of it. McGlynn is making that contention. The question is should the liability of the City of Newark be predicated merely upon the resolution or should it be predicated upon the actual transaction itself. Now, if McGlynn in his contention that the American LaFrance case applies to the present facts, then the court would take the position that it is not interested in the merits of the case at all.

Commissioner Franklin: If that is so then the suggestion that was made before that the matter be adjourned so we can get an opinion from the Law Department should be adopted.

Mr. Parsonnet: The difficulty—

Commissioner Franklin: You don't have to say any more about it I

say this resolution should be referred to the Law Department, get an adjournment of your case before the Court and get an opinion whether or not this resolution should prevail.

Mr. Parsonnet: The trouble with adjourning the case before the Court is that Tuesday is the opening day of the October Term of the Supreme Court. If it is to be adjourned it will have to go over until the January term. I am sure that counsel for the Waring Realty will not consent to so long an adjournment. It cannot be adjourned to any other time.

Mayor Ellenstein: Why can't it be adjourned to any other time?

Mr. Parsonnet: Because the opening of the term will be on Tuesday and the Court, the Supreme Court, will sit on Supreme Court matters for two weeks and then go to Court of Errors and Appeals matters. They won't change the position on the calendar.

Mayor Ellenstein: They have done it before.

Mr. Parsonnet: They have, but not in many cases.

Mayor Ellenstein: My knowledge is in many cases.

Mr. Parsonnet: In respect to this Mr. McGlynn has served notice of taking depositions for Friday. The depositions will have to be done in order to bring in the completed case to the Supreme Court on Tuesday. If the state of case is not completed on Tuesday, it may perhaps be completed on Wednesday or Thursday. That would not give us time to adjourn this matter for one week and then get the state of case together in time for the Supreme Court.

Mayor Ellenstein: Would you say the state of case can be completed by Wednesday or Thursday?

Mr. Parsonnet: It would be hard to say. The testimony will be taken on Friday of this week.

Mayor Ellenstein: Are you familiar with this Waring Realty Company matter?

Assistant Corporation Counsel Kane: No, I am not.

Mayor Ellenstein: Who is?

Mr. Kane: Mr. Ward. He is not in, he has gone. He was before the Tax Board all afternoon.

Commissioner Franklin: In other words, the contention here is that the resolution was passed, the mandamus was obtained on the resolution on the refusal of Director Murphy to pay as per that resolution. The contention of Director Murphy is that the issue in the case doesn't go beyond his refusal to pay, that any of the collateral issues surrounding this case would not be made part of the argument and for that reason to give them the opportunity to have the merits of the case reviewed that we vote to rescind this resolution and have the matter wide open so that the matter can be decided on all the merits? Is that so?

Mayor Ellenstein: Let the merits of the case be gone into.

Mr. Kane: Of course, I don't know that I can give an opinion now. I would be guessing. I don't think I should give an opinion when it would be based upon a guess, not being familiar with all the facts of this matter. The matter has been before Justice Parker on Monday afternoon and

somebody representing the Law Department was there. I don't think it would be fair for me to give the Commission an opinion because of its importance.

Mayor Ellenstein: Do you think there would be any difficulty in getting an adjournment on Tuesday from the Supreme Court?

Mr. Kane: Well, that I don't know because as I say, not being familiar with that the phase that is before the court, it is a question of whether the resolution interferes with any other action to bring about, I might say, a positive disposition of the matter; I don't know; I would really have to be guessing at that, too, because not being familiar with the facts, that is the difficulty. I would not attempt to advise the commission because I might be wrong, without having all the information.

Mayor Ellenstein: Isn't there a legal question involved here in the rescinding the resolution as to whether it might be prejudicial to the City's interests?

Mr. Kane: Offhand I would say there is a question on the resolution, because I can make this general statement, the court has often said that bodies have no right to rescind resolutions in certain instances. Now, whether this is one of those or not would depend upon the facts of the issue.

Commissioner Franklin: If this resolution is rescinded it might destroy the suit.

Mr. Parsonnet: It would destroy the *mandamus proceedings* and require bringing of action at law instead.

Mayor Ellenstein: The questions at issue would not be decided?

Commissioner Franklin: All I am interested in is seeing that the meritorious matters are disposed of at one and the same time. Why have two or three law suits if all these rights can be decided?

Mr. Parsonnet: There is the question that on the *mandamus proceedings* the merits should not be gone into.

Commissioner Franklin: If that is the case then we should have an opinion from the Law Department. Don't you think so, Director Byrne?

Commissioner Byrne: I don't know. You were not allowing him to offer the resolution. I thought that was within the right of any commission to offer a resolution, is that right?

Mr. Kane: Oh, it is the right of the Commission; any Commissioner can offer any resolution here, it is certainly as legal as any other kind.

Commissioner Byrne: If Commissioner Murphy introduced a resolution, he moved it and I seconded it, did he have the right to have the resolution read?

Mr. Kane: No question about it.

Commissioner Franklin: If you want to dispose of it that way I will just vote no on the basis that I want to be sure that the material which is before the court will be affected detrimentally. I am entitled to an opinion from the Law Department to that extent. I am anxious to see that the thing be litigated thoroughly with fairness to both sides for the disposition of everything, but nobody seems to be answering me.

Mr. Parsonnet: Yes, in this request, let me bring the question up to date, and I think the Commissioners here will agree with my thought. The point is that the writ of mandamus was applied for to Justice Parker and the Justice has allowed a rule to show cause returnable before the Court on Tuesday. We have been sent notice of the taking of depositions on Friday afternoon. Mr. McGlynn is contending in his mandamus proceeding that the court has no right to go into the merits of the claim for commissions but has merely the right to look at the resolution and hold that it is a mechanical act on the part of the Director of Revenue and Finance merely to pay without questioning the propriety of the resolution. Now, that may or may not be true. I don't agree with Mr. McGlynn that you can't go into the merits. If you rescind that resolution you would destroy the application for mandamus and Mr. McGlynn would have to go into a suit at law to determine the liability of the city, his mandamus proceedings would fail. In that way you would assure the city of securing a determination upon the merits of the transaction rather than merely the technical point of the resolution.

Mayor Ellenstein: That is your guess?

Mr. Parsonnet: Yes.

Mayor Ellenstein: You are not a member of the Law Department?

Mr. Parsonnet: I am not, sir.

Mayor Ellenstein: You have differed with the Law Department on other occasions?

Mr. Parsonnet: That is true.

Mayor Ellenstein: That is why I

say it should be referred to the Law Department.

Mr. Parsonnet: I believe Mr. Kane may be in a position to give some comments upon it.

Mr. Kane: Well, I could go to this extent and say if a resolution had been rescinded, that is if this resolution is rescinded it does not interfere with some rights that have been vested in somebody else which is within the resolution, probably don't destroy the mandamus proceedings. If this resolution was adopted to pay the money and has vested in it some rights then any action by the Commission would be null and void.

Mayor Ellenstein: That is the subject of a legal opinion.

Mr. Kane: I would say yes.

Commissioner Murphy: I believe the best interests of the City could be served by the disposition of the resolution.

Mayor Ellenstein: The resolution should have taken the course that all resolutions do and have in the past and be referred to the Law Department. We would have the approval of the resolution before us and we could act later as reasonable people do. Instead of that it was held out until this minute. You were one of the Commissioners who insisted that every resolution be presented a week in advance so the Commissioners could study them and digest everything. That is brought here at the last minute.

Commissioner Murphy: That is not a fair statement.

Mayor Ellenstein: This is the first time I have seen the resolution.

Commissioner Murphy: No. I don't know. I said no, but I don't know. But it was presented here two weeks ago.

Mayor Ellenstein: Read the resolution.

Commissioner Murphy: Wait a minute. The resolution was presented here two weeks ago and the Law Department read the resolution over, and it was the subject of discussion about the rescinding of this matter. I wasn't able to be here last week and in the meantime we are brought into court on this thing. Now that I am brought up to date on this thing, from the action of Justice Parker I am more convinced now that the resolution passed by the City Commission in order not to jeopardize the City's position in this matter should be rescinded. The resolution was here. If you didn't see it I could not help it.

Mayor Ellenstein: I never saw the resolution. At any rate, you could have referred the resolution to the Law Department and have had a legal opinion from the Law Department. You refer other resolutions to the Law Department. Why didn't you?

Commissioner Murphy: I could have because they had read it, seen it here two weeks ago.

Mayor Ellenstein: You refer other resolutions to them.

Commissioner Murphy: I will check into the records. Probably it may be then that it was referred to them.

Mayor Ellenstein: The Clerk will read the resolution.

Commissioner Murphy offered the following resolution:

WHEREAS, by resolution No. 8303, dated August 28th, 1940, the payment of the sum of \$25,349.90 was authorized to be paid to the Waring Realty Co., as and for commissions alleged to be due for the negotiation of an alleged fifty-year lease by the City of Newark to the 200 Washington Street Corporation; and,

WHEREAS, Prior to the adoption of said resolution, the liability of the City of Newark for the payment of said commissions was brought into question by Vincent J. Murphy, Director of the Department of Revenue and Finance; and,

WHEREAS, it was pointed out by the said Director that the aforesaid lease was not a fifty-year lease, according to the provisions of Paragraph 30 thereof, but was a 21-year lease, in accordance with the provisions of Paragraph 2 thereof, because the said tenant had not 'immediately' erected a two-story building as required by Paragraph 30, but had delayed for a period of one year and three months after the execution of the amendment to said lease, dated October 17, 1935, and

WHEREAS, Upon the presentation of said point by the said Director to the Board of Commissioners at its meeting of August 28th, 1940, the said Board was advised by Joseph A. Ward of the City Law Department that the Board of Commissioners had, in 1936, adopted a resolution extending the time to commence building operations until the 17th day of January, 1937; and,

WHEREAS, The said Ward did further, present to the Board of Com-

missioners a purported copy of said alleged resolutions, indicating that the same had been adopted by the Board of Commissioners upon the votes of Mayor Ellenstein and Commissioners Franklin and Minisi, on the 29th day of December, 1936; and,

WHEREAS, the Board of Commissioners in reliance upon said statements of Joseph A. Ward, and upon the copy of said purported resolution, adopted the aforesaid resolution No. 8308, dated August 28th, 1940, authorizing the payment of the said sum of \$25,349.90; and,

WHEREAS, pending subsequent investigation, Director Murphy withheld payment of the said moneys amounting to \$25,349.90, and said investigation revealed that there was never a meeting of the Board of Commissioners on December 29, 1936, that no resolution such as that alleged to have been adopted on December 29, 1936, was ever adopted at any time, that the City of Newark therefore never consented to any extension of time for the commencement of building operations, and that the provisions of Paragraph 30 of the lease, creating a fifty-year lease, never took effect; and,

WHEREAS, the said lease is therefore merely a 21-year lease; and,

WHEREAS, since the said lease is only for a period of 21 years, for which the City of Newark has already paid brokers commissions in excess of \$14,000 to Feist & Feist, brokers, and no brokers fees are legally payable for the renewal period of 29 years for which the tenants option has never been exercised; and,

WHEREAS Resolution No. 8309 was adopted in error, by reason of the

erroneous belief that the Board of Commissioners had in 1936 granted an extension of time for the commencement of building operations; and,

WHEREAS, the discovery of the true facts concerning the failure of the City of Newark to grant such extension of time was made on Monday, September 9th, 1940, by Director Vincent J. Murphy, and immediately thereafter to wit, on September 10th, 1940, the said Director was served by counsel for the Waring Realty Co. with a petition and notice of application for a writ of mandamus to compel the payment of said sum of \$25,349.90;

NOW, THEREFORE, BE IT RESOLVED By the Board of Commissioners of The City of Newark, that Resolution No. 8308, authorizing the payment of \$25,349.90 be and it is hereby rescinded, set aside and repealed; and it is

FURTHER RESOLVED, That the Corporation Counsel is hereby directed to defend any action brought against the City of Newark or any of its officers by said Waring Realty Co. seeking the payment of the said commissions alleged to be due.

Vincent J. Murphy

Mayor Ellenstein: All those in favor of the resolution as read by the Clerk will signify by saying aye, contrary no; the Clerk will call the roll.

The City Clerk: Commissioner Byrne.

Commissioner Byrne: Aye.

The City Clerk: Commissioner Franklin.

Commissioner Franklin: I vote no for the reasons I explained before.

The City Clerk: Commissioner Murphy.

Commissioner Murphy: May I ask a question at this point? Do you recall hearing it read two weeks ago?

Mayor Ellenstein: No, I don't.

Commissioner Murphy: I am pretty sure that resolution was read and referred to the Law Department.

Mayor Ellenstein: Perhaps it was. There is not any reason why it should not be referred to the Law Department.

Commissioner Murphy: Why haven't they got their opinion in here today? I am pretty sure you will find in the record it was referred to the Law Department. They certainly should have had their opinion here today.

The City Clerk: Commissioner Murphy.

Commissioner Murphy: Aye.

The City Clerk: Mr. Mayor.

Mayor Ellenstein: No, for the reasons that things should be done in the regular manner and the opinion of the Law Department should be asked.

Commissioner Franklin: I move you that this resolution offered by Director Murphy—

Mayor Ellenstein: Let us declare the resolution lost. The resolution having received two votes is declared not carried.

Commissioner Franklin: Now, I

move you that this resolution be referred to the Law Department for an opinion as to whether or not the matter before the court now can be disposed of by the merits of the case being reviewed as the matter is before the court at the present time.

Commissioner Byrne: May I ask then what in anyway has the City got to lose? What can we lose by it?

Commissioner Franklin: Except the matter is before the court now. It can be disposed of now in the same manner, it can be disposed of by action at law. If it could not be disposed of because of the narrowness of the proposition, that is another proposition.

Mayor Ellenstein: The City of Newark has put L. Bamberger & Co. in a position where they have gone into possession on a fifty year lease and have engaged the basement on the corner of Academy and Washington Street. Now, the City has put L. Bamberger & Company in that position. I can see nothing but litigation arising out of this entire thing. L. Bamberger & Company has already expended money in building a tunnel from the Prudential Building over to this building and the merits of the case ought to be gone into on the matter and have it referred to the Law Department. It is bound up with litigation. Certainly, no Commissioner wants it to be said we are responsible for L. Bamberger & Co. losing money. L. Bamberger & Co. have a fifty year lease. There are so many ramifications in the thing.

Commissioner Murphy: Who has any objection to that?

Mayor Ellenstein: Then it ought to be referred to the Law Department.

Commissioner Murphy: If there is nothing else to do now, if you want to rescind the resolution, the question is, is it too late for the Law Department to give us an opinion between now and the time the case is heard?

Mayor Ellenstein: I could correct that, the matter should be referred to the Law Department with the resolution, and if the Law Department believes that it would be prejudicial to the interests of the City that Mr. O'Brien is to inform me and I will call a special meeting on Monday morning. That will take care of the situation where we can have the resolution passed. Is there any objection to that?

Commissioner Murphy: Absolutely not, fine.

Mayor Ellenstein: Will you incorporate that in your motion?

Commissioner Franklin: Yes.

Mayor Ellenstein: Is it seconded?

Commissioner Byrne: I will second it.

Mayor Ellenstein: The motion is that the resolution be referred to the Law Department with instructions that if the City is in any wise prejudiced, first to determine whether the commission can legally rescind the resolution and if it would be beneficial to the City's interest to rescind that resolution that they formally notify me in person and that I will call a special meeting of the Commission on Monday morning or Monday afternoon.

Yeas: Commissioners Byrne, Franklin, Murphy, Mayor Ellenstein.

WHEREAS, the election law of our State dealing with the preservation and safe keeping of records, poll books and other election materials, and information, have recently been amended so as to leave open to question the existence of any legal mandate that such records, poll books and other elections materials must be preserved by County election officials and municipal clerks, and

WHEREAS, resulting from this loosely and hurriedly drawn legislative amendments, certain important election records appear recently to have been destroyed in the apparent belief that there is now no specific legislative mandate requiring the preservation of such important records, and

WHEREAS, the opportunity is present for the wholesale disposition or destruction of essential election records, poll books and other election materials, throughout the State, and

WHEREAS, the County of Essex and the City of Newark has in the not distant past suffered unpleasant notoriety resulting from the loss and destruction of election records, and

WHEREAS, it has requently been

stated that Municipal Clerks, in the absence of specific instructions from the overning Bodies of Municipalities, may act at their own discretion in the management of elections, the preservation or destruction of records, poll books and other election materials.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Newark, N. J., that the City Clerk is hereby instructed and directed to keep and preserve in a safe place, and at all times, all election records, poll books and all other election materials and information, and never to dispose of or destroy the same without specific instructions so to do by a formal resolution of the Board of Commissioners, specifying in detail the particular records, poll books, other election material or information which may be so disposed of, and the method of so doing, and be it further

RESOLVED, That the Board of Commissioners of the City of Newark, hereby calls upon the Board of Chosen Freeholders of the County of Essex as the governing body of this County to take such action as may be appropriate to prevent the possibility of the recurrence of any such incident as the destruction or loss of election records, poll books or other election material or information in this County, and

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Franklin, Byrne, Murphy, Mayor Ellenstein.

Mayor Ellenstein: Since the appointment made by Director Murphy of a member of the Tax Board I assume that all the members of the Commission have received an opinion from the Law Department stating that that appointment was illegal and contrary to law. I have undertaken to write to the president of the Board, of the Tax Board, calling his attention to the legal opinion by the Law Department, as I have to the other commissioners, that the payroll for Mr. Petrone be not approved in view of that.

Commissioner Murphy: Are you still feeling that way?

Mayor Ellenstein: What way?

Commissioner Murphy: Do you still feel his payroll should not be approved?

Mayor Ellenstein: Yes, certainly.

Commissioner Murphy: The reason why I am asking, I don't want to have any misrepresentation here on my part. I presented a separate resolution today. I am wondering, it didn't come back to me, I am wondering if it didn't go through.

Mayor Ellenstein: If it did?

Commissioner Murphy: I am won-

dering that. I didn't get it back, I was wondering what happened to it.

Mayor Ellenstein: Where is the payroll? I didn't see his name. Is this the resolution, you mean, \$50 for some payroll?

Commissioner Murphy: Yes, that is the one.

Mayor Ellenstein: That does not indicate that is Mr. Petrone's payroll, it says Tax Board. I saw the auditor's stamp of approval on there. I thought it was all right.

Commissioner Murphy: Then his name should have been there?

Mayor Ellenstein: His name isn't there.

Commissioner Murphy: That is what it refers to. Let me write Petrone there. I had this drawn specially for that purpose. I will just put in Petrone now.

(Discussion between commissioners out of hearing of stenographer.)

Mayor Ellenstein: So as to keep the record straight I think that this resolution ought to be considered separately. It is understood the poll on the resolution is the same as recorded in accordance with the signatures on the respective resolutions.

Since the Law Department has declared the appointment to be illegal there is not very much point in my re-hashing the statement that I ought to have a representative on the Tax Board, because I have declared that a number of times. But since Director Byrne has suggested that we wait the determination of the Law Department decision on the appointment made by Director Murphy, I am again

offering Mr. Alfred Del Viscovo as a member of the Tax Board.

Commissioner Byrne: What I would like to do on this, in view of the opinion of the Law Department I think the City Commission should secure a declaratory judgment against Commissioner Murphy on this appointment.

Mayor Ellenstein: However, I am offering this resolution, if nothing else on the ground of good sound principle that every member of the City Commission should have a representative on the Tax Board. I am entitled to an appointment on this Board. Furthermore, on the ground that at least one-fifth of the population of this city is represented by Americans of Italian extraction, it is my firm conviction that there ought to be an American of Italian extraction. I offer the resolution and ask the City Clerk to read it.

Commissioner Murphy: You, of course, don't cast any reflection on the man that has been appointed?

Mayor Ellenstein: No, of course not. I am talking about the position that I should have a representative on the Tax Board. Secondly, it is my firm belief it should be an American of Italian extraction in accordance with the principles of any democratic form of government.

Mayor Ellenstein offered the following resolutions:

WHEREAS, a vacancy exists in the office of member of the Board of Assessment and Revision of Taxes, a vacancy arising by the untimely death of late Commissioner Edward J. O'Brien, who was recommended by Mayor Meyer C. Ellenstein, as his se-

lection by agreement of the City Commissioners that each Commissioner have selection for appointment one of the members of the Tax Board; and it has been the policy in the administration of City government to permit the same commissioner to select a person to fill the vacancy, where the vacancy was of his selection; and that because of the importance of taxation in the life of the community, it is for the best interests of the City that appointments to the membership be made as aforesaid, so that each commissioner may be kept informed by his appointee in matters of taxation; and

WHEREAS, the nature of the work of the Board of Assessment and Revision of Taxes, the ratables of the City approximating \$850,000,000, requires a full board of five members; that to expedite its work the City is divided into five zones; that the method contemplates a commissioner assigned to each zone; and,

WHEREAS, Mayer Meyer C. Ellenstein recommends a citizen, Albert Del Viscovo, a capable and worthy representative of the people of Italian extraction, residents of our City to fill the vacancy aforesaid;

Now, I offer the name of another prominent Italian-American of our city, a man who has for many years been engaged in construction work and would make a valuable asset to the Tax Board. I don't know of anybody on the Tax Board who is qualified to the degree that this man is by reason of the construction work he has done in the construction of buildings and highways, has had wide experience, a man of reputation, who is a substantial taxpayer in the City of Newark. I ask the City Clerk to read the resolution.

PROCLAMATION

As information daily reveals to the citizens of our great city the horrors to which the peoples of every European country are subjected, we, as true Americans, have become more

conscious of the woes inflicted on men, women and children, all unwilling victims by the horrors of the War which now engulfs that continent.

It having come to my attention that in true exemplification of the spirit of sympathy, charity and brotherhood so prevalent among our people, the Civiceers, one of Newark's leading civic organization, has inaugurated an effort to gather articles of clothing for these innocent and unfortunate sufferers of all countries, and in co-operation with this noble expression of generosity and willingness of the people of our community to come to the assistance of their fellow humans,

NOW, THEREFORE, I, MEYER C. ELLENSTEIN, Mayor of the City of Newark, New Jersey, HEREBY PROCLAIM: That Saturday, October 19, 1940, next, shall be observed as NEWARK BUNDLE DAY, and I call upon all who are able, to co-operate with the Civiceers in their endeavors to lighten the burden of the innocent sufferers abroad.

Meyer C. Ellenstein.

"I have your letter of October 7 requesting my opinion on the salary scale of six painters permanently employed as members of the staff of the Newark City Hospital.

Under date of September 27 I replied to a request for a similar opinion from City Clerk Reichenstein, as follows:

"I find nothing in the Act dealing with the question of labor relations and therefore the hours of work, the quantity and quality of work and other such matters are not included in the restrictive sections of the Act."

From this opinion you will see that the retention of these at their former salary although working on a seven hour basis will not constitute a violation of the section of the Act in question."

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that a seven hour day be and the same is hereby established as a working for the employees above named and at the stated annual salary, effective at once.

Board of Commissioners of
The City of Newark,
New Jersey.

Gentlemen:

We hereby request that the \$50,000 Water Bonds of the City of Newark, hereinafter described, be reconverted, at our expense, into coupon bonds as provided by law.

The bonds are dated March 15, 1929, payable March 15, 1945, bear interest at the rate of four and one-half per centum ($4\frac{1}{2}\%$) per annum, payable semi-annually on March 15th and September 15th, and consist of fifty bonds of the denomination of \$1,000 each, numbered from 951 to 1,000 inclusive.

The bonds are now registered in the name of "The Huntington National Bank of Columbus." We have purchased the bonds and the bonds have been assigned to us with a power of attorney which authorizes us to have the bonds transferred to us on the books of the City and to have the bonds reconverted into coupon bonds.

Very truly yours,
B. J. VAN INGEN & CO., Inc.

Ordered Filed.

Commissioner Murphy offered the following resolution:

WHEREAS, the City of Newark has heretofore issued \$50,000 Water Bonds, dated March 15, 1929, payable March 15, 1945, bearing interest at

WHEREAS, each of said bonds was issued in coupon form, in accordance with an ordinance or resolution adopted prior to the issuance of said bonds, and each such bond has been converted into a fully registered bond by the removal and cancellation of the coupons attached thereto and the execution by the City Comptroller of a conversion certificate printed on the back of such bond, and each of said bonds is now registered in the name of "The Huntington National Bank of Columbus," and said registered holder has, through its duly authorized attorneys, B. J. Van Ingen & Co., Inc., presented to the Board of Commissioners a written request that said bonds be reconverted as hereinafter provided, and the Board of Commissioners desires to grant such request:

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark as follows:

Section 1. The Mayor, Director of the Department of Revenue and Finance and City Clerk, now in office, are hereby authorized and directed to cause to be prepared new bonds of the same form and tenor as said outstanding \$50,000 Water Bonds, and new coupons for the unmatured interest on said bonds, of the same form and tenor as those attached to said bonds when they were issued, and to attach such new coupons to said new bonds, and to execute and sign and seal said bonds; provided, however,

each of said new bonds shall recite on its face that it has been reissued pursuant to this resolution in exchange for a bond of the same form and tenor originally issued as a coupon bond and thereafter converted into a fully registered bond, and each of said new coupons shall be authenticated by the facsimile signature of said Director of the Department of Revenue and Finance.

Section 2. The City Comptroller is hereby authorized and directed to issue said new bonds in exchange for said outstanding registered bonds pursuant to Section 40:1-57 of the Local Bond Law, and to cancel said outstanding registered bonds.

Section 3. The reconversion of said bonds shall be entirely at the expense of said registered holder. Said City of Newark hereby consents to the reconversion of said bonds in accordance with the provisions of this resolution.

Section 4. The new bonds issued pursuant to this resolution shall be numbered and mature in the same manner and shall bear the same date and be of the same denominations and bear the same rate of interest as said outstanding bonds.

Gentlemen:

We hereby request that the \$20,000 Serial Funding Bonds of The City of Newark, hereinafter described, be reconverted, at our expense, into coupon bonds as provided by Law.

The City Clerk presented the application of D. Hurley & Sons, owner, for the construction of an addition to an iron foundry in a 3rd residence dis-

trict; premises 67 Manufacturers Place; and stated today was the time fixed for a further hearing.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

The following persons appeared and talked on the resolution: Mr. John Clancy, Joseph Zemel, Charles Zemel, Theodore Miller, Mr. Hurley, Robert J. Murphy.

The Clerk then read the resolution with the added conditions as follows:

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of D. Hurley & Sons, owner; for the construction of an addition to an iron foundry in a 3rd residence district; premises 67 Manufacturers Place;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that said recommendations of the Board of Adjustment be and the same are hereby approved, on condition that after the construction of the proposed building and before the operation of it, there will be cushioning of the hammers now in operation, together with those to come into existence, and that the representation is made that the noise and vibration will be less than it is now, and if it is not, that the permit will be revoked, the City Commission to determine wheth-

er or not the above conditions have been complied with.

Mayor Ellenstein: I will entertain a motion that the recommendation of the Adjustment Board be concurred in with the conditions as recited.

Commissioner Byrne: I so move you.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

The City Clerk presented the application of Arthur J. Brenner for renewal of a permit for an automobile repair shop, 98-104 Maple Avenue, and stated that today was the time fixed for a further hearing.

The City Clerk: We notified the objectors to appear here today, at the request of the Board of Commissioners at the last meeting.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

Mr. E. W. Spector, 148 Hansbury Avenue; Yes.

The City Clerk: Is Mr. Liebowitz in the room?

Was the applicant on this notified?

Mr. Stanton: No. I think we only notified the objectors.

The City Clerk: You see, this is a

renewal case. Our office, Mr. Mayor failed to notify the applicant in this case, and because it is a renewal, it might be he assumes it will go through in the regular way as it has every year for the past several years. I wonder if we are doing an injustice to the applicant by not having him here.

Mayor Ellenstein: It would seem so. What are your objections? What is this?

The City Clerk: This is an application for renewal of a permit for an automobile repair shop.

Mayor Ellenstein: What are your objections?

Mr. Spector: Hansbury Avenue is a residential street all the way through, and though this property is listed as a Maple Avenue address, it still has its entrance on Hansbury avenue, and there is no other business property anywhere along Hansbury Avenue all the way from its beginning to its very end. And the property is very unsightly; it is across the way from a lot of one-family houses, and one who lives nearer to it than I do, Mr. Liebowitz, was supposed to be here and his objections would be registered. I suppose he could not get away on account of business, being detained at business.

Mayor Ellenstein: Suppose we defer it. When does this permit expire?

Mr. Spector: It has expired.

Mr. Rankin: August 22.

Mayor Ellenstein: Suppose the matter be deferred for two weeks. That will give Mr. Liebowitz a full opportunity. And the applicant, as in any other case, has a right to assume that

his permit would be renewed as it has been in prior years. So I think in all fairness to the applicant—

Mr. Spector: That is perfectly satisfactory to me. I would like, however, that all those people who are concerned within the radius—what is the radius?

Mayor Ellenstein: Two hundred feet.

Mr. Spector: Be notified of this particular meeting.

Mayor Ellenstein: They have been notified.

The City Clerk: They have been notified, and those who objected are of record.

Mayor Ellenstein: Didn't you enter your objection before the Board of Adjustment?

Mr. Spector: No, I did not.

Mayor Ellenstein: You were notified weren't you?

Mr. Spector: Yes, and I tried to be at that particular meeting too, and I was detained by business. And I made 'phone calls that day to express my regret at not being able to be there.

Mayor Ellenstein: There are only a few property owners on Hansbury Avenue within the 200-foot range, as I look at this,—as a matter of policy, we do not send another notice, because the statute does not require.

Mr. Spector: Well, I can take care of that part of it.

Mayor Ellenstein: You can have one of these. Do you want it?

Mr. Spector: I know the property; I live right there.

Mayor Ellenstein: I will entertain a motion that the matter be deferred for two weeks, and that the City Clerk be instructed to write the applicant that the matter will come up two weeks from today, on November 13, and that there have been objections raised to the renewal of his permit.

Commissioner Franklin: I so move you.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Mr. Spector: Mr. Mayor, there is only one thing; Mr. Liebowitz is busy, and my time too, and we would like to know if about this hour will be the right time. Our notice reads eleven o'clock.

Mayor Ellenstein: I know. It is very difficult. I would suggest that you make it at 1:30. Then you would be safe.

Commissioner Franklin offered the following resolutions:

WHEREAS, on an appeal to the Board of Adjustment from the ruling of the Zoning Enforcement Officer the said Board, after having considered the same, recommended in writing to the Board of Commissioners of the City of Newark that the following structure or use be allowed:

Application of Dave Lefand (Howard Savings Institution, owner); for the construction and operation of Gasoline station in a 1st

business district; premises 9-13 Fourteenth Avenue; same to be constructed and operated in conformity with the rules of the Board of Adjustment and in accordance with the plans filed with the said Board; such use to be limited to the period ending eight years from date hereof;

AND the matter having been considered by this Board;

IT IS RESOLVED, by the Board of Commissioners of the City of Newark, that said recommendations of the Board of Adjustment be and the same are hereby approved.

Pearce R. Franklin
M. Ellenstein
Jos. M. Byrne, Jr.
Vincent J. Murphy

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

Were there any objectors to this?

Mr. Rankin: We had an objection, Mr. Mayor, from Miss Winsor of the Library, who felt it might be some traffic hazard. We had that investigated by the Traffic Bureau of the Police Department and they told us that in their opinion there would be no hazard to traffic or pedestrians.

Mayor Ellenstein: Where is this?

Mr. Rankin: The gasoline station is here. The Library frontage is on this corner (indicating on map.)

Mayor Ellenstein: That was the only objector?

Mr. Rankin: That was the only objection we had.

Mayor Ellenstein: That has all been

confirmed; it won't be a traffic hazard.

Mr. Rankin: Yes, we have that report from the Police.

Commissioner Byrne: I move we concur in the recommendation of the Board of Adjustment.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

The following communication was received and read:

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

(No response).

Commissioner Byrne: I move we concur in the recommendation of the Board of Adjustment.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

Mayor Ellenstein: Mr. Schroeder, the first assistant in the Law Department, will make an announcement on behalf of the City Commission.

Mr. Schroeder: Is there anybody appearing here today in connection with a proposal of the Municipal Holding Company in connection with two parcels of land on Route 25 in the City of Newark in the vicinity of McClelland Street?

The proposal was advertised in last Saturday's Newark Evening News calling for the exchange of a piece of city-owned property for a piece of company-owned property.

Nobody appearing? That satisfies the statute.

Commissioner Murphy: On that, Mr. Mayor, that was referred down to my office some few weeks ago. Of course, I had not completed a check-up on it, although I have had a couple of discussions on it, and I am not quite so sure until I am completed with a thorough check into this whole matter that the City is not getting the worst of it, so I do not care to vote for it at this time.

(Commissioner Byrne spoke to Mayor Ellenstein out of hearing of the reporter.)

Mayor Ellenstein: I don't know. Has anybody appeared?

The recommendation comes from our department. We are exchanging a smaller plot of property on the inside for one on the Highway. That in itself ought to be sufficient. The department heads recommend it. It is a smaller plot than the City is giving.

Mr. Schroeder: Mr. Linnett has given his appraisal that the city-own-

ed property is of lesser value than the property it is getting.

Mayor Ellenstein: He has appraised it as having a lesser value than the property the City is getting.

Mr. Schroeder: In addition, they are to pay the recording fees, search fees, and advertising fees.

Commissioner Murphy: I think the appraisal was made in 1937.

Mr. Schroeder: No. That was recently.

Mayor Ellenstein: Wasn't the resolution introduced? I thought all the Commissioners were satisfied with the resolution.

Mr. Schroeder: I presented this in the form of a long letter on October 6.

Commissioner Murphy: There is no objection to passing the resolution to bring about this transaction, but that doesn't stop us from looking into the matter to see if we are going to get the best or worst of it.

Mayor Ellenstein: My department has gone into that, of course. You don't have to rely on that if you don't want to. If it won't prejudice anybody, it is just as well, perhaps, that it be delayed for a week.

Mr. Schroeder: The only question there is that the statute provides that it has to be advertised once. It doesn't say anything about re-advertising, but I think you would have to, and then the question comes up whether we shall stand that expense or whether this company should stand it. Mr. Levinstone is here, and they are ready to answer any questions.

I would like to say for the record

that this appraisal of Mr. Linnett's was as of July 24 of this year. I have it, and it was sworn to by Mr. Linnett.

Mayor Ellenstein: You believe if it is delayed for another week it will have to be re-advertised?

Mr. Schroeder: I do.

Mayor Ellenstein: Does the Commission want to re-advertise and delay it?

How will that affect your clients, Mr. Levinstone?

Mr. Levinstone: We felt the matter would be closed today. It has been delayed for the last few months.

Mr. Schroeder: That has been because of the search.

Commissioner Murphy: Of course, it wasn't delayed on my account.

Mr. Schroeder: No, just a combination of circumstances.

Mayor Ellenstein: He isn't blaming anyone in particular.

What does the Commission want to do? There are three signatures on the resolution.

Mr. Levinstone: Do you think a week would make any difference?

Commissioner Murphy: I am not satisfied the City is making a good deal, and that is the reason I ask for a week's delay.

Mayor Ellenstein: Will you speak louder for the record.

Commissioner Murphy: As I said before, I am not satisfied in my own

mind that it is a good deal for the City. That is why I ask for another week's delay.

Commissioner Byrne: I signed it and I believe it is all right, guided by your department and Mr. Schroeder. But I think if a one week's delay is granted, it won't do any harm.

Mayor Ellenstein: Then the Law Department is instructed to re-advertise so there will be no question about the legal procedure.

Commissioner Murphy: I think the City, naturally, should stand the expense.

Mayor Ellenstein: All these resolutions, it doesn't require any action except to re-advertise.

Mr. Swain: If you re-advertise, it has got to be done a certain way.

Mayor Ellenstein: They require more than one week.

Mr. Swain: We would not know whether Director Murphy's objection had been overcome.

Mayor Ellenstein: He will know at the end of the week. What does the advertising cost?

Mr. Swain: About \$16 or \$18.

Mr. Levinstone: We assumed the cost originally.

Mayor Ellenstein: There isn't fund in our appropriation to pay the expense of the advertisement.

Mr. Schroeder: The statute speaks, Mr. Mayor and Commissioners, of this matter having been originally presented as it was on September 25, and that at a further meeting in the

meantime the proposition must be in its entirety advertised to be considered for approval or dis-approval at a meeting to be held by the City Commission not less than two days or more than ten days after the advertisement. We have here—

Mayor Ellenstein: Not less than two days or more than ten days.

Mr. Schroeder: The meeting must be held not less than two days or more than ten days. That is not more than ten days after advertisement.

Mayor Ellenstein: Then if it is advertised during the course of the week it will come within the statute.

Mr. Schroeder: This advertisement was in last Saturday's paper.

Mayor Ellenstein: If it was advertised tomorrow or any day thereafter—

Mr. Schroeder: It is a little unusual, because under the 1939 statute it calls for a public sale, but there is a provision in the event any specific person who wants to make a proposal which is different than that made—

Mayor Ellenstein: It is a special statute.

Mr. Schroeder: A special statute. There is no way to get around it. They wanted to swap property.

Mr. Swain: We could advertise it next Saturday, but we don't know Director Murphy's attitude at the end.

Commissioner Murphy: I was going to say, why not let us get together with Ray and see if we cannot clarify any objection that I may have downstairs on the report that is being filed, so that you could go ahead and

advertise without any feeling of objection later on.

Mayor Ellenstein: So there will be no uncertainty about it.

Commissioner Murphy: Yes.

Mr. Schroeder: Will you fix the time?

Commissioner Murphy: Probably this week, before the week is out.

Mayor Ellenstein: It doesn't require any official action. This resolution, if it is re-advertised, then all the provisions of the statute are complied with and this Board can take it up at next Wednesday's meeting.

Commissioner Murphy: Suppose you get in touch with me Friday.

Mayor Ellenstein: Now, if Director Murphy doesn't approve of it, that is something else. We will hold it up.

Mr. Schroeder: I will hold this in my files in the meantime.

Mayor Ellenstein: We will have to find some appropriation.

Mr. Swain: We have no appropriation.

Mayor Ellenstein: It is really Director Byrne's department.

Commissioner Byrne: That is right.

The City Clerk: Send a requisition to Director Byrne.

(The City Clerk read a communication under date of October 30, 1940 over the signature of Fred Harries, Executive Manager of the Broad Street Association, addressed to Commissioner Byrne, opposing the ac-

quisition by gift of the old Post Office property.)

Mayor Ellenstein: That will be received and filed.

Mayor Ellenstein: The usual weekly resolutions of Director Murphy will be considered as though they have been read.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

Mr. Herman E. Dultz: The opposition, apparently, is not here. I understand there would be two objectors.

Mayor Ellenstein: Have they been here?

Mr. Dultz: No, they were not.

The City Clerk: We directed communications under date of November 4, over my signature, to Mr. Al Liebowitz, at 153 Hansbury Avenue, and to Mr. E. W. Spector, at 148 Hansbury Avenue, setting 1:30 o'clock today at the City Commission Chambers as the time and place of hearing, and also notified Mr. Brun-

ner to appear here. You are Mr. Brunner?

Mayor Ellenstein: You are the applicant?

Mr. Brunner: Yes, sir.

Mayor Ellenstein: You are a lawyer, aren't you?

Mr. Dultz: Mr. Mayor, I assume there is no opposition and it will be granted.

Mayor Ellenstein: Well, there was opposition originally. And as I recall it, it was two weeks ago—where is Mr. Rankin—as I recall it, two weeks ago there was opposition. The opponents did not appear. There was a letter directed—

The City Clerk: Just the opposite, the opponents did appear. We assumed the applicant had the right to believe that this would go through in the natural way, inasmuch as it had been renewed on six different occasions in previous years. And the commission therefore instructed me to notify the applicant that there were objectors and that a hearing would be held today. So I notified the applicant to that effect, and I also notified the two objectors that the hearing was laid over to this date.

Commissioner Murphy: Were they here last week?

The City Clerk: Two weeks ago.

Mayor Ellenstein: They were notified to appear today?

The City Clerk: Yes, sir. November

13. We postponed it at that time for two weeks.

Commissioner Byrne: Did you send the regular notices to everybody in the 200-foot area?

Mr. Rankin: Yes, sir. There were no objectors before our Board. The objection developed after our Board.

Commissioner Byrne: This is a renewal?

Mr. Rankin: Yes, sir.

Commissioner Byrne: I move we concur in the recommendation of the Board of Adjustment.

Mayor Erllenstein: Is there a second to that?

Commissioner Murphy: I second the motion.

The Clerk then read the ordinance at length:

An Ordinance making an appropriation to finance the cost of constructing swimming pools.

The Board of Commissioners of the City of Newark do ordain as follows:

Section 1: The sum of thirty-three thousand three hundred and thirty-three dollars and thirty-four cents (\$33,333.34) shall be set aside from available moneys in the capital surplus account and is hereby appropriated to the payment of the cost of constructing four swimming pools in the public parks or playgrounds known as Hayes Park East and Hayes Park West, and in the public playground abutting on Boylan Street, and upon property abutting on Clifton Avenue and owned by the City of Newark.

Section 2: Pursuant to 1937 R.S. 40: 1-85, it is hereby stated and determined that there exists an equal period of usefulness for this purpose as compared to the purpose for which the bonds were originally issued.

Section 3: This ordinance shall take effect at the time and in the manner provided by law.

The roll being called, the motion was adopted by the following votes:

Yeas: Commissioners Franklin, Byrne, Murphy, Mayor Ellenstein.

Commissioner Murphy: As I understand it, there seems to be a question now where the \$500,000 in the original bond ordinance has been expended and the \$33,000 that was set up in the budget as a down payment is desired to be used in addition to the \$500,000.

Of course, the question comes into my mind, and I don't know whether you have a full report to be able to answer it or not,—how much is it going to cost to finish the swimming pool?

Mayor Ellenstein: They are practically completed now; and my understanding is—

Commissioner Murphy: Is the \$33,000 sufficient in order to complete the pools?

Mayor Ellenstein: Why this last minute on this ordinance?

Mr. Kane: We just got it finished.

Mayor Ellenstein: Who sponsored it? Who requested it?

Mr. Kane: The history of the situation is this: In 1939 you put \$33,333.34 in the budget on a down payment on the original bond issue. Mr. Washburn contends that that was an appropriation, that money can be spent without any further action by the Commission. Mr. Darby says that isn't so, you must have an ordinance appropriating the money. Now, I have conferred with both of them and with Mr. Farrell of the Director's office—

Mayor Ellenstein: This is not a new appropriation. This is—

Mr. Kane: It is a question where two experts disagree whether we have to have an ordinance—

Commissioner Murphy: Well, it is an additional amount, because at the time, as I recall, we estimated the pools—or at least, they were estimated to be \$500,000 to complete. Now, of course, that is spent, there are additional expenditures, and the question

is to use the \$33,000 or whatever portion is necessary. And the question that comes to my mind is, is that sufficient? Is that going to be enough?

Mr. Kane: Well, I can say this, I asked Mr. Schlosser, and he said as far as he knows that will cover everything.

Mayor Ellenstein: This is not in excess of the \$500,000, this is part of the 500,000.

Mr. Kane: No, it is in excess because you issued \$500,000.

Mayor Ellenstein: Where does this \$33,000 come from, was that a down payment?

Mr. Kane: Yes, but it was not used. And Mr. Darby asserts that it not having been used it is automatically transferred to capital surplus, and in order to use it, it is necessary to pass an ordinance appropriating the money out of capital surplus.

Now, the ordinance was drawn by Mr. Washburne and sent over here this morning, and I talked it over with Mr. Hulshart of Mr. Darby's office, and they suggested an amendment, and that is the reason it just got in.

Mayor Ellenstein: Suppose we introduce it for first reading, and in the meantime the City Clerk will request the Chief Engineer to submit a report to each one of the commissioners as to the completion of the pools and whether this \$33,000 will be sufficient.

Commissioner Murphy: Check up on all these agreements and then you can see. If we need \$40,000 or \$60,000, there is no necessity of passing one for \$33,000.

Mayor Ellenstein: Except that is all you have in the capital fund.

Mr. Kane: You would have more money in the capital fund, but this is all you put in there for those swimming pools.

Mayor Ellenstein: Then the City Clerk is instructed to ask the Chief Engineer to submit to each one of the commissioners a report on the cost to complete and whether this \$33,000 is ample to complete.

Commissioner Franklin moved that December 11, 1940, at 11 A. M., Standard Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

WHEREAS, the Allied Groups Forum will by appropriate exercises observe the 77th Anniversary of the Emancipation Proclamation on Sunday, January 5, 1941; and,

WHEREAS, the following petition has been addressed to the Mayor and Board of Commissioners of The City of Newark:

"We appear before you appointed as a committee from the Allied Groups Forum to invite your interest, participation and contribution for the observation of the 77th Anniversary of the Emancipation Proclamation, 3 P. M., Sunday, January 5, 1941, at Kreugers Hall.

In these troubled times at home and abroad, we thank God that we are yet living in a land of freedom where we can join voice with all groups large or small in our government. We rejoice in the fact that there is only one way, the American Way, a democracy where we can work and not fight.

We are glad that we are free to devote our efforts towards the creation of a better Community in which to live. For the past 76 years our group has contributed not alone in the line of manual and domestic labor, but also in the dramatic, musical and professional world, as well as in the sciences and industry. Particularly are we aware of the local interest as exemplified and expressed by our beloved Mayor, and Board of City Commissioners, and Citizens of Newark. We are happy in the anticipation of their participation in this forthcoming event, because it yields cultural, spiritual and social

values in all the groups that go to make up our great city and which in the end will show dividends of good citizenship."

Yeas: Commissioners B y r n e, Franklin, Hurphy, Mayor Ellenstein.

The City Clerk presented An Ordinance making an appropriation to finance the cost of constructing Swimming Pools, and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

Commissioner Murphy: I move it be laid over to the next meeting. I think, Mr. Mayor—I don't know—I have been out for a couple of weeks—do you remember the last time you issued orders to some of the heads of your department that they should send to each Commissioner a report on the swimming pools and so forth, I just inquired to find out, and they said nothing has come in.

Mayor Ellenstein: The City Clerk is instructed to inform the Chief Engineer to give each Commissioner a memorandum on or before next Monday. So that action is deferred on it until next Tuesday.

Commissioner Murphy: As to what amount of money is still due for the furnishing and completion of the swimming pools and so forth.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners: B y r n e, Franklin, Murphy, Mayor Ellenstein.

The City Clerk presented An Or-

dinance providing compensation for the members of the Board of Adjustment of The City of Newark, under the provisions of Chapter 274, of the Laws of 1928, and stated that today was the time fixed for a further hearing, this being the adjourned date for same.

Commissioner Byrne: I move it be deferred for four weeks.

Yeas: Commissioners B y r n e, Franklin, Murphy, Mayor Ellenstein.

The City Clerk presented An Ordinance to establish, maintain, regulate and control a Bureau of Purchases, and to prescribe and establish just rules and regulations respecting such Bureau, and stated that today was the time fixed for a hearing, this being the adjourned date for same, the ordinance having been presented for information November 20th.

Mayor Ellenstein: This ordinance is being introduced for information.

Commissioner Murphy: I think the request of Commissioner Byrne now is that it be introduced for first reading.

The City Clerk: No. It was deferred on December 4th for two weeks.

Commissioner Franklin: What ordinance is that?

Mayor Ellenstein: Setting up a Purchasing Agent.

Commissioner Byrne: Introduce it on first reading.

The City Clerk: Will you refer back to ordinance on first reading?

Mayor Ellenstein: I haven't had an opportunity to look at the ordinance since it was amended as a result of a conference between you, Director Murphy, and Director Byrne. In its original form I saw very many objectionable features, so if you are going to introduce it on first reading, I am prepared to vote against it.

Commissioner Murphy: I don't know how far it has been amended. I know I made several recommendations, but I don't know to what extent this new ordinance—is this new one here the same one that has been laying here now for some time?

The City Clerk: This has been here since November 18th.

Mayor Ellenstein: I understood you and Director Byrne were to have a conference.

Commissioner Murphy: We did. His department and mine had a conference on it, but whether the changes have been made that I felt should be made, why, I don't know.

(Commissioner Byrne spoke out of hearing of the reporter.)

Commissioner Murphy: Of course, I have got no objection to it being introduced on first reading.

Mayor Ellenstein: Well, that is a long ordinance and if we can avoid the expense of advertising it we should do it. Certainly, it does not seem to me to be wise to introduce it on first reading and advertise it in the newspapers and then find out on second reading that you want to reject it. It isn't anything of such import-

ance that it cannot be deferred for a short time.

Commissioner Byrne: It has been here for so long, for months and months.

Mayor Ellenstein: So has the Purchasing Department been here for months and months.

Commissioner Byrne: I would like to have it introduced on first reading.

Commissioner Franklin: I am not prepared to vote on it.

Mayor Ellenstein: Do you insist on having it introduced on first reading without giving the Commissioners an opportunity to go over it?

Commissioner Byrne: You have had plenty of time.

The Clerk then read the ordinance at length.

Commissioner Byrne: I move that the ordinance be adopted on first reading.

The roll being called, the motion was declared lost by the following votes:

Yeas: Commissioners Byrne, Murphy.

Nays: Commissioner Franklin, Mayor Ellenstein.

Mayor Ellenstein: The ordinance having received but two votes is declared lost.

Mayor Ellenstein: I might remind the commissioners before proceeding with the vote, that it has been declared by the Law Department that this appointment was made illegally.

The City Clerk: Commissioner Byrne.

Commissioner Byrne: No.

The City Clerk: Commissioner Franklin.

Commissioner Franklin: No.

The City Clerk: Commissioner Murphy.

Commissioner Murphy: I may inform the City Commission that I believe the appointment is legal, and there have been numerous court decisions already to substantiate my beliefs in appointing Mr. Petrone, and I vote "aye" in presenting the payroll.

The City Clerk: Mr. Mayor.

Mayor Ellenstein: No. The resolu-

tion having received but one vote is declared not carried.

I do not see any point in presenting these resolutions; they speak for themselves when there are no signatures on them.

The City Clerk: Commissioner Byrne.

Commissioner Byrne: Aye.

The City Clerk: Commissioner Franklin.

Commissioner Franklin No.

The City Clerk: Commissioner Murphy.

Commissioner Murphy: Aye.

The City Clerk: Mr. Mayor.

Mayor Ellenstein: No. I vote no on that resolution for two reasons: First, I believe, and I make the statement for the purposes of the record—first, I believe it would be unwise for the City to pay any money if there might be the possibility of there being a claim against Puder and Puder based on the omitted assessment of the Public Service, which amounts to \$700,000 and which the County disallowed as a credit in the following year; and secondly, I am not certain that this is a reasonable fee for the services rendered by Puder and Puder.

Commissioner Murphy: I am voting for it because I do not believe the City will be justified, if it has any claim against Puder and Puder in reference to the assessment that was involved, and I believe the charge is reasonable, as it was thoroughly understood with the Director of Finance before the cases were investigated, as to the procedure.

Mayor Ellenstein: The resolution having received but two votes is declared not carried.

SCHEDULE OF FEES AND DISBURSEMENTS

In the ordinary typical foreclosure suit, the fees and disbursements will be as follows:

(Subject to variations for charges such as services of subpoena, U. S. and Supreme Court searches, and advertising charges in case of inability to personally serve, which type of charges vary with the number of defendants, etc.)

Fee for search and continuation\$10.00

Fee paid jointly to the three Special Assistant Counsel for their work and supervision 10.00

Fee to the attorney designated
the Special Assistant Corpor-
ation Counsel in Forecloseure
Work for handling the case 50.00

Disbursements:

Chancery Court deposit	25.00
Lis Pendens filing at Regis- ter's Office	2.00
Subpoena fees to Sheriff....	5.00
U. S. and Supreme Court searches	6.00
Chancery Abstract	4.00
Recording decree	2.50

This makes a total in the ordinary
typical suit of \$114.50 per suit.

The disbursements will vary in that
the subpoena fees to be paid to the
Sheriff for service, and the United
States and Supreme Court searches
depend upon the number of defend-
ants, and may be more or less than
the above figures.

Where personal service cannot be
made upon defendants, and it is nec-
essary to have an order for substitut-
ed service, there will be additional
charges for the newspaper advertis-
ing, which is required in such cases.

Additional compensation may be
allowed in suits where more than one
tax lien is joined in the one action,
or where parties having interest in a
number of liens are joined in the
foreclosure of all of those liens. This,
of course, while constituting addition-
al compensation per case, will mean
a reduction below the cost if each lien
were separately foreclosed.

Also, where the searches require

unusual work in that a number of
titles must be searched in connection
with one foreclosure, similar allow-
ance must be made.

A certain and substantial amount
of investigation is necessary in each
foreclosure case, but where unusual
investigation is required, some rea-
sonable allowance to cover disburse-
ments made therefore should be pro-
vided. These cases should be few in
number.

In case of settlement after institu-
tion of suit, a reasonable fee will be
allocated for the services rendered
up to the time the settlement is made,
the allocation being based upon the
fees above set forth.

In the event that the efforts of the
Special Assistant Corporation Coun-
sel acting as Supervisors of this
work should be successful in obtain-
ing payment from the taxpayer be-
fore the making of search and the
institution of suit, then they are to
receive one-half of the fee which
would be paid them for supervision
if the search and suit had been made
and instituted, provided that the
amount of tax collected from the tax-
payer be not less than \$100.00, and,
where less than \$100.00, they shall
receive one-third of the amount
which would have been paid them for
supervision if the search and suit had
been made and instituted.

All taxed costs in proceedings in-
stituted shall belong and be paid to
(this is the general law) the Cor-
poration Counsel of the City of New-
ark, James F. X. O'Brien, and the
attorney of record, who will transmit
the same to the Treasurer as hereto-
fore, to be deposited for the benefit
of the City. Thus the City will re-
ceive the benefit of the taxed costs,

instead of the individual attorney keeping them for himself.

Instead of paying to each attorney the necessary disbursements in order that he might make payment to the Chancery Court Clerk, the Essex County Register, the Sheriff, etc., the City will open up Special Foreclosure Accounts with the Clerk in Chancery, the Essex County Register, the Sheriff, and any other parties to whom disbursements will be regularly made in connection with the foreclosures, and the fees and disbursements of the same will be charged against such account. The attorney will be given an authorization in each case permitting charges to be made against the account for that particular foreclosure case.

There will also be certain forms prepared, the printing of which will be provided for out of the budgetary appropriation relating to foreclosure work.

The Master's fees in cases going to decree will be paid directly to them by the City out of the budgetary items covering this work. These fees cannot be set by us since they are fixed by law.

Monthly itemized statements should be requested from the Auditor of the City covering all of the above mentioned accounts.

All fees paid to Special Assistant Corporation Counsel, searchers, and lawyers acting as Special Assistant Corporation Counsel in Foreclosure Work, will be subject to the limitations provided by laws and ordinances relating thereto.

Commissioner Byrne offered the following resolution:

Deputy Director of the Department of Parks and Public Property, has been authorized by the Director of the Department of Parks and Public Property to attend the Second Annual Meeting of the American Society of Public Administration, to be held at Chicago, Illinois, on December 27th, 28th, 29th and 30th, 1940;

Commissioner Murphy offered the following resolution:

WHEREAS, the Waring Realty Company, seeking to recover from the City of Newark the sum of \$25,349.90 as and for its claim for commissions due for the negotiation of an amendment to a Lease dated December 19, 1934, which said amendment was executed October 9, 1935, did institute proceedings in the Supreme Court of the State of New Jersey for a writ of mandamus; and

WHEREAS, said proceedings in the Supreme Court resulted in the

issuance of a peremptory writ of mandamus directing the payment of the said sum of money but leave was granted by the said Court, upon application, to mould the pleadings so as to appeal to the Court of Errors and Appeals of New Jersey; and

WHEREAS, the Director of the Department of Revenue and Finance is desirous of appealing the said decision of the Supreme Court so as to have a final determination of the liability of the City upon said claim; and

WHEREAS, it was contended by Counsel for the Waring Realty Company that the said Director of the Department of Revenue and Finance is not entitled to secure an order for the moulding of said pleadings unless application therefor is joined both by said Director of the Department of Revenue and Finance and by the City of Newark as a corporate body; and

WHEREAS, the Supreme Court has agreed with this contention of Counsel for the Waring Realty Company and has ruled that in the absence of a formal resolution by the governing body of the City of Newark, the said pleadings will not be moulded, as indicated by a letter of the said Supreme Court to Counsel, dated December 12, 1940, a copy whereof is annexed hereto; and

WHEREAS, an examination of the opinion of the Court in granting the aforesaid writ of mandamus makes it evident that had the resolution of August 28, 1940 been rescinded by the adoption of the resolution presented by Vincent J. Murphy, Director of the Department of Revenue and Finance, on September 25, 1940, the said writ of mandamus would not

have been issued and, in fact, would have been denied by the Supreme Court; and

WHEREAS, it is further obvious that the Supreme Court would have given leave to mould said pleadings and to appeal the said judgment to the Supreme Court if the Board of Commissioners had adopted the resolution presented by the said Director of the Department of Revenue and Finance on November 13, 1940; and

WHEREAS, the opportunity to save for the City of Newark the sum of \$25,349.90, and the additional sum which will be claimed by the said Waring Realty Company of approximately \$6,000.00, justifies the expenditure of the few hundred dollars necessary to prosecute an appeal.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Newark, that the Corporation Counsel is hereby authorized and instructed to join with the Director of the Department of Revenue and Finance in his application for a rule to mould the pleadings in the New Jersey Supreme Court so as to enable the prosecution of said appeal.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any citi-

zen who desires to be heard on this ordinance?

Mr. Charles Shankroff: (80 Court Street).

Mr. Mayor, the original ordinance --this is for twenty-seven years--appears to me to be a pretty good ordinance to enforce and continue, but there are certain difference between the old and the new that I would like to call your attention to. The old provides for control by the municipality of one foot from the curb or one foot beyond the curb where the sidewalk ceases that the owner or occupant shall keep clear for the purposes of free passage of water by the accumulation of ice and snow, and the new ordinance eliminates that. I think the old ordinance is better for that.

The new ordinance provides a new theory after the snow has been removed from the street by the municipality, the owner or occupant whose duty it is to remove the snow from the sidewalk shall not throw that snow or slush or ice into the street after the City has removed it. Now, the question arises: What shall the property owner do with that surplus or that snow that has fallen upon the sidewalk?

Mayor Ellenstein: He is permitted to throw it within three feet of the curb.

Mr. Shankroff: I don't see it in this ordinance.

Mayor Ellenstein: As I read it, it is within three feet of the curb.

Mr. Swain: Pile it between the sidewalk and the curb.

Acting Supervisor Brady: That is the consensus of opinion of traffic engineers all over the nation, men who have qualified and spent the greater part of their years in that service. And that is the recommendation of Inspector Bolger of the Traffic Division, who is well qualified to determine what should be done respecting snow removal, in so far as it interferes with traffic.

Mayor Ellenstein: It is permitted to be thrown within three feet beyond the curbline.

Mr. Shankroff: Does it say that in this ordinance?

I am sorry, Mr. Mayor, I don't notice it.

Acting Supervisor Brady: They throw it between the curb and the sidewalk where you would ordinarily pile it.

Mayor Ellenstein: It leave a path; it leaves the sidewalk with the exception of three feet.

Mr. Swain: Or whatever that width might be.

Mayor Ellenstein: The width of the sidewalk with the exception of the three feet btwn th curb and the building line.

Mr. Swain: Between the curb and the outer edge of he walk; the curb then the walk, then the other end of the walk, then the building line.

Mayor Ellenstein: The width of the sidewalk is diminished by three feet from the curb to the building line by piling three feet of that with snow.

Mr. Shrankroff: I beg your pardon, but I don't see that provision.

Mayor Ellenstein: It permits the piling of snow three feet from the curbline.

Mr. Shankroff: I do not object to that statement, but I do not see that in this ordinance. I am reading from the printed copy.

Mr. Swain: The ordinance tells you what you shall not do.

Mayor Ellenstein: It is in here, because I read it this morning.

Mr. Shankroff: Well, here is the printed copy. I didn't notice it. This the printed copy.

Mayor Ellenstein: I saw somewhere a reference to three feet. Unless it was in the letter that was submitted with the ordinance, that the Chief Engineer submitted. At any rate, they can pile the snow on the sidewalk.

Mr. Shankroff: But this prohibits it.

Mayor Ellenstein: No, it does not. It prohibits throwing the snow out in the middle of the road. It doesn't prohibit the piling of the snow on the sidewalk.

Mr. Shankroff: But the ordinance doesn't say that.

Mayor Ellenstein: It doesn't prohibit that. So you can do the next best thing, pile it up on the edge of the sidewalk at the curbline.

Mr. Shankroff: Of course, you are increasing the penalty. Then it becomes a question here about the powers of the engineer to enforce the cleaning of sidewalks if it isn't cleaned. I don't question the power of the engineer, or I don't question the penalty—

Mayor Ellenstein: There is a penalty for that if it isn't removed in a certain length of time, the City removes it and then charges the actual cost, which becomes a lien on the property. That is contained in the old ordinance.

Mr. Shankroff: I agree with that. Whereas the old ordinance provides for a \$5 penalty, but all I question is the enforcing of the ordinance. There is nothing to prevent enforcing the old ordinance. If it was properly enforced it would be no trouble at all.

Mayor Ellenstein: Well, the old ordinance permits the throwing of the snow out in the middle of the street, which, as was explained to you by Inspector Brady, impedes traffic, and the traffic engineers have determined it, the traffic engineers all over the country.

Mr. Shankroff: Then the purpose of this ordinance is merely to provide for something that is not mentioned in the ordinance.

Mayor Ellenstein: That is right.

Mr. Shankroff: So far as this provision, you advise that the traffic engineers—

Mayor Ellenstein: To prohibit things that are overlooked in the old ordinance.

Mr. Shankroff: I don't question that, but I simply say that from the question of passing an ordinance that is not enforced, that is the purpose of my objection. Why pass an ordinance,—

Mayor Ellenstein: What makes you say they are not enforced?

Mr. Shankroff: That is what I want to explain. I don't know who has direct supervision over this feature, whether it is the Bureau of Encumbrances or the Police Department or the Bureau of Highways, but complaint has been made that this ordinance is not enforced, the old ordinance for removal of snow and ice from the sidewalk. Now, we bring in the question of the Chief Engineer who can enforce the old ordinance as well as the new, but I do question—I complained to the Bureau of Highways about a condition on a certain street where they built a new step right into the highway. Now, they say the step has been built, although the complaint was made in time, and they cannot do anything about it. I say a lot of ordinances are constantly passed, a lot of new laws are passed, which you have a right to do, but they are not enforced properly. What is the use of passing laws which are not enforced? That is my question.

Mayor Ellenstein: What ordinance is not enforced?

Mr. Shankroff: Well, I complained to the Bureau of Highways. I have written letters to the Chief Engineer.

Mayor Ellenstein: The Bureau of Highways?

Mr. Shankroff: Originally my complaint was made to the Bureau of Highways, that particular bureau which is charged with encumbrances and they have charge of the building of stoops in the highway,—that is, on the sidewalk. Now, my complaint was made at the time the stoop was being rebuilt. It was an old wooden stoop and they went and encroached further into the street on 101-106 16th Avenue. I filed my complaint in time. Through some error in the

department an inspector did not go that week, but went the following week when the stoop was completed. I said, "You have law enforcing officers and when the permit was asked for it was given by the Bureau of Highways." I was then sent upstairs, and he sent me up to the Building Department which has no jurisdiction.

Then I have been writing letters every month, and this is the first month I did not write a letter.

Mayor Ellenstein: Well, this month you write a letter to me.

Mr. Shankroff: Well, I don't want to bother the Mayor.

Mayor Ellenstein: That is all right. You write a letter to me and I will see if there is any way of enforcing it, and it will be enforced. You write a letter to me and address it to me personally.

Commissioner Byrne: I move the public hearing be closed.

Commissioner Franklin offered the following resolution:

WHEREAS Senate Bill No. 361, now pending before the New Jersey Legislature, proposes a formula for contributions, for relief of the unemployed, to be made by the State of New Jersey, for the year 1941 and succeeding years, and

WHEREAS the program of State aid for the relief of the unemployed, as expressed by this bill, is inadequate and objectionable in many respects,

and will impose upon the taxpayers of the City of Newark and many other municipalities of the State more than a fair or reasonable share of the relief costs, now therefore be it

RESOLVED by the Board of Commissioners of the City of Newark that the said Board is opposed to Senate Bill No. 361, and the formula for State aid for the relief of the unemployed proposed thereby, for the following reasons:

1. The bill proposes to pay to municipalities for the year 1941, for relief purposes, a maximum sum equal to 40 per cent of the amount spent in the municipality for unemployment relief during 1940, exclusive of administration costs. Proponents of the bill estimate that local relief costs for 1941 will be 80 per cent of the 1940 costs. Thus the amount to be contributed by the State of New Jersey for 1941 relief will not in any case exceed 50 per cent of the estimated cost for the year. This represents a radical reduction in the percentage of local relief costs heretofore borne by the State and imposes upon many municipalities an excessive tax burden.

2. During the year 1940 there was a marked reduction in the cost of financing unemployment relief, and the State Relief Administration estimates that the 1941 costs will be further reduced. Notwithstanding this reduction in costs, the proposed formula requires the City of Newark to appropriate for relief purposes in the year 1941 more money than the City was required to appropriate in previous years, when relief costs were at their peak. In practical effect, in the case of the City of Newark, the formula permits the absorption by the State of New Jersey of the entire

amount of the reduced costs, and fails to pass on to the taxpayers of the City of Newark, and of other municipalities, any of the savings resulting from the reduced relief load.

3. By reason of the fact that 1940 State aid was based on estimates, rather than on the actual 1940 relief costs, many municipalities received an excessive amount of State aid, and many municipalities received an inadequate amount of State aid, during the year 1940. The result is that some municipalities will be required, in 1941, to make appropriations to cover 1940 deficits in addition to the increased proportions required by the formula for the new current year; whereas other municipalities have surpluses in their 1940 relief account in an amount sufficient, with 1941 State contributions, to cover the entire 1941 costs. This results in discriminatory treatment among the municipalities, based on the mere accident of differences in estimates of 1940 relief costs made by municipalities for that year.

4. The total amount to be appropriated by the State of New Jersey for unemployment relief in 1941, under the formula proposed by Senate Bill No. 361 is less by several millions of dollars than the amount appropriated by the State for the same purpose in 1940, and is out of proportion to the actual amount by which total unemployment relief costs throughout the State has been reduced.

5. Senate Bill No. 361 fails to make any provision for W.P.A. sewing projects and transportation costs. This will require either the abandonment of some W. P. A. projects with the resulting increase in local relief loads; or additional appropriations by the municipalities in which these projects have been maintained.

3. The formula of State aid proposed by the bill is based on relief costs in 1940, instead of actual costs for the year to which the State contribution is applicable. This is an unscientific basis for distribution of State aid, which should be made to depend on actual costs. Because actual costs were not made the basis for State contributions in 1940, several municipalities received from the State more than 100 per cent of their total relief costs for the year.

BE IT FURTHER RESOLVED by the Board of Commissioners of the City of Newark that the said Board recommends that legislation providing a formula for State aid for unemployment relief for the year 1941 include the following considerations:

1. That municipalities which have a balance in their relief accounts for the year 1940 be permitted to retain and apply toward reduction of the local tax rate at least that percentage of the balance which was provided by local taxation.

2. That the formula for State aid be based on percentage of actual costs rather than on estimated costs or on the experiences of previous years.

3. That a reasonable proportion of the reduction in the cost of unemployment relief, resulting from reduction of the relief load, be passed on to the municipalities, so that the municipalities, as well as the State may benefit from the reduced costs.

4. That State aid for W. P. A. sewing room projects and for W. P. A. transportation be continued as heretofore.

5. That the sums to be appropriated by the State of New Jersey for un-

employment relief in 1941 be in an amount sufficient to effectuate the foregoing recommendations.

6. That the Legislature of the State of New Jersey, in approaching the problem for State aid for unemployment relief for the year 1941, give due consideration to the fact that the municipal share for direct relief, as computed on the basis of State formulae, does not represent the full municipal burden in connection with the problem of unemployment relief, since the municipalities are required to absorb the full cost of administration of direct relief, as well as municipal support for W. P. A. projects.

7. The State of New Jersey should continue to recognize the financing of unemployment relief as a problem of more than local concern. The city of Newark cannot maintain, and the taxpayers of the City and of other industrial centers cannot support decent standards of relief for the unemployed, unless the major share of the cost of direct relief is provided by the State.

8. Care for the unemployed is one of the most pressing problems in the State and should not be the subject of hasty action by the Legislature. In the interests of the beneficiaries of the State's relief policies, as well as in the interests of home owners and rent payers who in the past have been required to bear more than a fair share of relief costs, no action should be taken on legislation dealing with financing of unemployment relief, until a public hearing has been held on the subject, and at which municipal officials and others interested may have an opportunity to present their views.
